Task force benefits from golf

Romulus residents teed off about drug abuse teed off last Friday to collect funds for local youth drug programs.

The Mayor's Drug Task Force Golf Outing, staged Friday at the Shady Hollows Golf Course, raised $5,000. More than 120 golfers participated.

"It was a pretty successful effort," John Smagner, a Romulus crime prevention officer and a Drug Awareness Resistance Education program officer, said.

The funds will be distributed between the Drug Task Force, to help offset the cost of Romulus' summer drug program, and the DARE program, which teaches children how to stay away from drugs, he said.

Police puzzled by local killing

By BARBARA GOFFMAN
ANP Special Writer

Romulus police are puzzled by the homicide last week of a 60-year-old South Carolina resident.

Robert C. Shaffer, of Murreus Inlet, South Carolina, was found dead in his room at the Knights Inn, 8500 Wickshire Road, at 10:15 a.m. Wednesday, June 27, by a motel housekeeper, according to Sargeant John Myers.

Shaffer had cutting wounds on the left side of his chin and on the backside of his head, as well as a puncture on his forehead, which caused him to bleed to death, Myers said. The Wayne County coroner's report said he also had a crushed neck.

When found, Shaffer was knealing on the ground holding a towel to his wounds, Myers said. His shoes and socks were removed, and his shirt was unbuttoned. The lights and television were on in the room.

Police believe Shaffer to be the victim of a robbery. He was found with only four dollars, although witnesses have reported that he always carried large sums of money which he "liked to flash," Myers said.

There were no signs of forced entry in the room or of a struggle, Myers reported.

No weapon was found.

Shaffer was last seen alive at the Quality Inn, 318 Wick Street, by a lady friend who works as a bartender at the motel. Her name is being withheld by police. Shaffer supposedly left the motel after she refused to serve him, since he was visibly intoxicated, Myers said.

"Maybe he got rolled on his way to the motel, in the parking lot, or he might have been followed into his room," Myers said.

"He apparently fell in the room. But we are unsure if the fall was a direct result of the robbery or if he had a convulsion once he reached his room, causing him to hit and puncture his head on a night table," he said.

Shaffer was a diabetic and a heavy drinker, Myers said.

Police do not know if Shaffer had a large sum of money on him when he left the Quality Inn that night. They said that a local realty agent informed them that two weeks prior to his death, Shaffer had been looking into leasing an apartment in the area. Shaffer may have spent his money on an apartment lease from another agency, Myers said. He also may have paid in cash for his rental car.

"The crushed neck, however, leads us to believe that he did not just fall in his room, that he was the victim of a robbery," Myers said.

Police now are investigating several leads, Myers said.

Water conservation pact is approved

By BARBARA GOFFMAN
ANP Special Writer

An emergency water conservation ordinance was adopted unanimously by Romulus city council officials at their Monday night meeting.

Although Romulus is not facing a water shortage, officals said the city should be prepared in case any shortage should occur.

The ordinance states that the mayor may declare a 35-day water emergency when there is a shortage, or a threatened shortage, of water supplies which could jeopardize everyday residential use and consumption, such as drinking and bathing water.

Under a declared emergency, watering of yards, washing outdoor surfaces such as sidewalks and driveways, filling swimming and wading pools which lack a filter and recirculating system, and knowingly having water escape from defective plumbing would be prohibited.

Any water user who violates the ordinance shall be guilty of a misdemeanor and subject to a fine which cannot exceed $500. Each day that a violation exists shall be deemed a separate offense.

Water supplies may be cut off during the emergency to any person who refuses to comply with the ordinance.

"We have not experienced a water shortage recently," said Mayor Beverly McAnally as she introduced the ordinance. "However, the time may come that some kind of control on the use of water is necessary."

Notice of a declared emergency shall be published in this newspaper and shall be posted in at least five public places within the city.

The emergency sitution shall expire after 35 days unless the water shortage lapses or the emergency is extended by the City Council.

> "We have not experienced a water shortage recently. However, the time may come that some kind of control on the use of water is necessary."

Airport noise vs. expansion

Residents protest noise, officials say growth

By BARBARA GOFFMAN
ANP Special Writer

A group of approximately 60 Dearborn residents is circulating a petition to force Wayne County officials to put all future bond sales for financing the expansion of Detroit Metro Airport, including the $100 million sale scheduled to begin in the end of July, to a public vote.

Representatives of the group, Citizens Against Aircraft Noise, said the proposed expansion will increase the amount of air traffic coming into and leaving the airport, exacerbating the amount of noise pollution in surrounding communities. CAAN wants Wayne County citizens to decide themselves if they want to finance the expansion or not. The group has 7,000 of the 14,000 signatures it needs by July 6.

CAAN President David Esper said the high noise level clearly diminishes the quality of life in western Wayne County. The Federal Aviation Administration, he said, reports that the number of flights coming into and leaving Detroit Metro will double within five to eight years with expansion.

"Wayne County has made a decision to offer up the quality of residential life in the hopes of gaining economic benefits through airport expansion," he said.

> What they're doing is a dangerous thing. No airline will want to operate out of this airport if every expansion has to go before the voters.
>
> **– Wilbourne A. Kelly III**
> Assistant County Executive

"We do not believe the citizens of Wayne County are willing to make this environmental trade-off. The referendum will permit the voice of the residents to be heard."

County officials, however, believe such efforts "are aimed in the wrong direction" and may ultimately hurt the county.

Deputy County Executive Michael Duggan said the $46 million in bonds due to go on sale near the end of July, which CAAN initially hopes to stop, will be used to build a parking lot at the airport. If Wayne County citizens prohibit the bond sale, they will only stop efforts to reduce vehicle congestion, he said.

Duggan also said airport expansion – which includes constructing an additional runway, a new terminal and extending a runway, as well as improving the existing terminal complex and passengers services – is not the cause of the increased noise.

"Between 1984 and 1988 air traffic at Detroit Metro doubled, but that did not institute the noise complaints. It was the flight pattern change instituted by the Federal Aviation Administration seven months ago that increased noise over some communities. Airport expansion *will* increase the number of flights at the airport, but noise will not increase. The number of flights is not the problem. The FAA flight patterns are the problem," Duggan said.

The flight-pattern change makes it necessary for planes to climb to a much greater height in less time, requiring a greater burst of power from the plane. This thrust is the cause of the increased noise, according to Assistant County Executive and Wayne County Noise Czar Bryan Amann.

The FAA instituted this change for safety reasons but did not consider quality of life concerns, such as noise pollution, when making the decision, he said.

New planes, which are expected to be in use at Detroit Metro in the next 20 years, will be 50 percent quieter than those currently in use, he said. Wayne County Executive Edward McNamara is working on legislation which could possibly require airlines to use these new planes sooner.

In the meantime, Assistant County Executive of Airports and Major Construction Wilbourne A. Kelly III charged that CAAN efforts to stop noise by attacking expansion, instead of the new flight patterns, may not affect noise levels and may ultimately hurt the economic future of Wayne County.

"What they're doing is a dangerous thing. No airline will want to operate out of this airport if every expansion has to go before the voters," he said.

ROMULUS NEWS

DIGEST

Resurfacing plan is approved

Romulus city councilmembers last week approved a city/county project to resurface Ecorse Road between Middlebelt and Merriman roads.

Through the Wayne County Internal Resurfacing Program, participating cities must assume approximately one-third of the total project cost.

Total cost for this project comes to $192,000 with the city share at $64,000. That money has already been budgeted in the 1990/91 city budget, according to Department of Public Works Director James Panos.

Work on this project is expected to begin in the fall of 1990 and be completed in the spring of 1991.

Karate classes kick off

Karate classes will be staged from 6 to 8 p.m. Thursdays at the Romulus Recreation Building at Bibbins Road and Shook.

Classes begin July 12 and continue through Aug. 30. The fee for the eight-week program is $18.

All ages are welcome. Registration is required at the recreation building.

Dance classes are scheduled

From ballet to jazz, a variety of dance classes will be offered Tuesdays this summer at the Romulus Recreation Building.

The 10-week sessions begin July 10, and registration costs $15 per student. No refunds or additions will be permitted after the first three weeks of class.

Class times are listed below. The continuing dance classes are for second-year students.

- Preschool dance, 4 to 4:45 p.m.
- Beginning tap, 4:45 to 5:15 p.m.
- Beginning ballet, 5:15 to 6 p.m.
- Continuing tap, 6:45 to 7:15 p.m.
- Continuing ballet, 7:15 to 8 p.m.
- Continuing jazz, 8 to 8:45 p.m.

Romulus sets city auction

Items ranging from jewelry and luggage to bulldozers and vans will be available next month at the City of Romulus Auction.

Based on Mayor Beverly McAnally's recommendation, Romulus City Councilmembers approved the auction date Monday evening.

Department of Public Works Director James Panos said the city is still gathering items for the event from various city departments.

Items on the tentative list include guns, radios, tools, speakers, bicycles, oxygen tanks, salt spreaders, snow blowers, vacuums and 27 vehicles.

The auction will begin at 10 a.m. July 28 at the Romulus DPW yard, 34100 Goddard Road between Wayne and Middlebelt Roads.

City sponsors movies in park

Family movies will be shown in two Romulus parks this summer–Merriman and Fernandez.

Tennis courts will be used as "outdoor theaters." Residents can bring their own lawn chairs and coolers. The event is free.

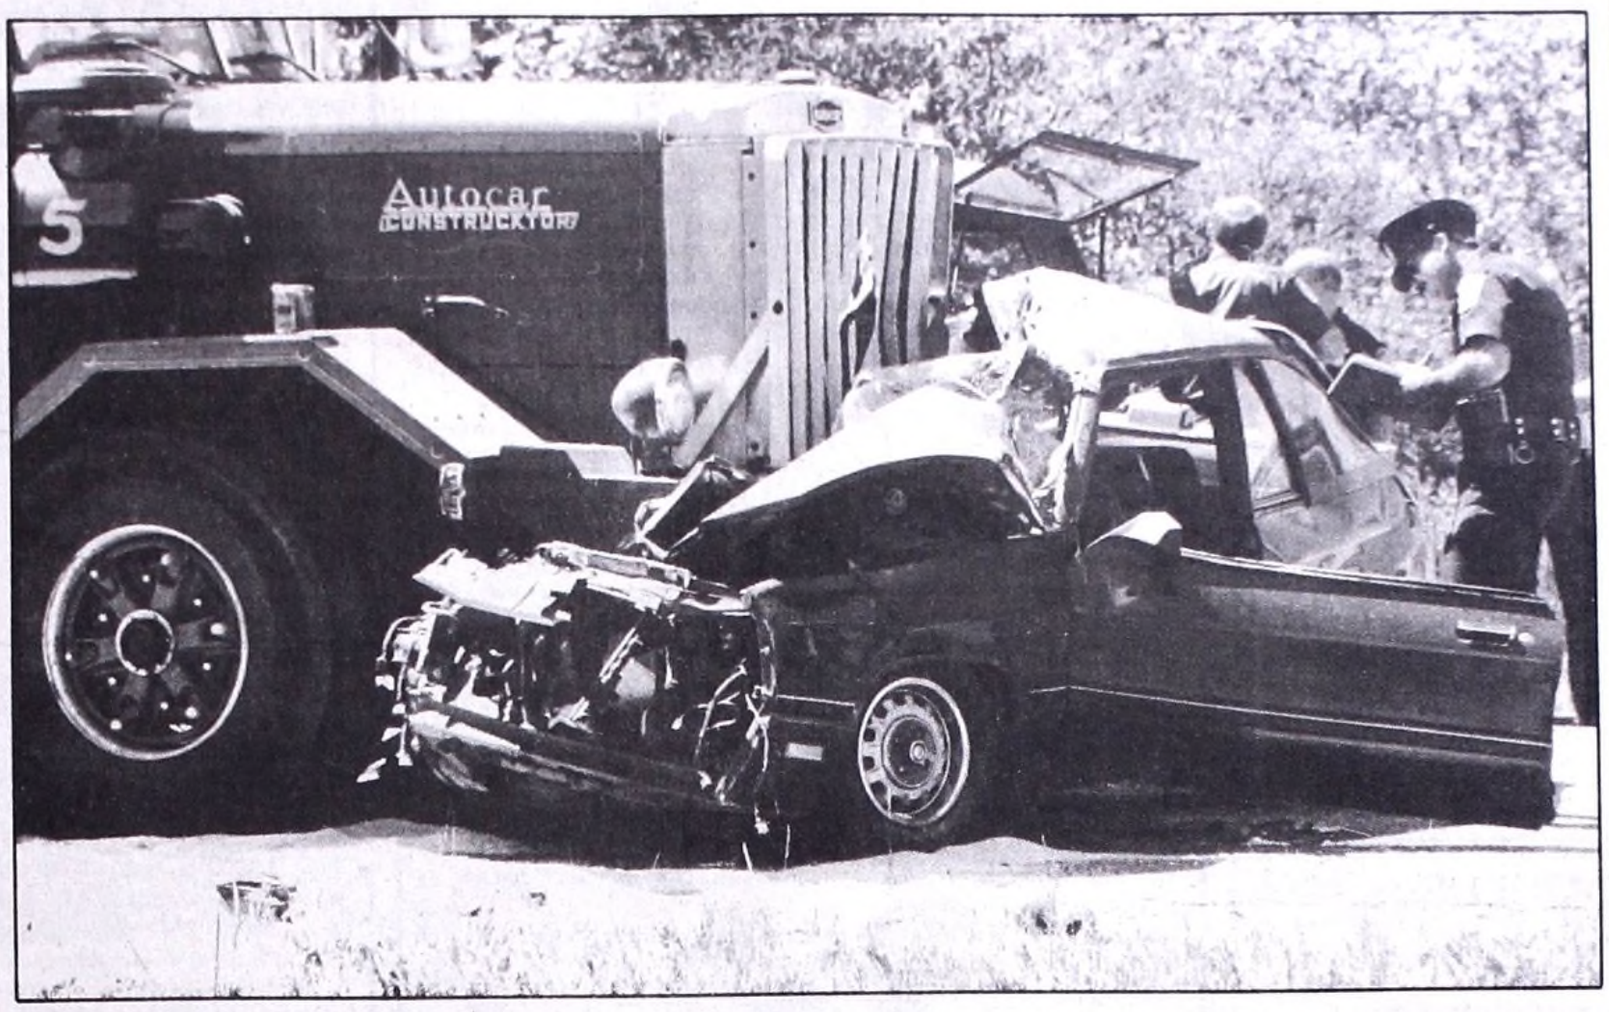
Films will begin at dark and run approximately 90 minutes.

A movie schedule is listed below. The first date is for Merriman and the second is for Fernandez.

- July 10 and 11, *Swiss Family Robinson*.
- July 24 and 25, *The Treasure of the Matecumbe*.
- Aug. 7 and 8, *In Search of the Castaways*.
- Aug. 21 and 22, *Never Cry Wolf, a true story*.

For more information about the summer movie program, call the Romulus Recreation Department at 942-6852.

Compiled by FLORENCE MEEKS



A woman was killed in this accident on Geddes and Canton Center roads in Canton Township. ANP photo by Werner Slocum/staff photographer

2 are dead after area accidents

By RANDY FRANK
ANP Staff Writer

Canton Township was the scene of two fatal traffic accidents within the past week, one at Geddes and Canton Center roads and the other on Michigan Avenue just west of Belleville Road.

At 10 a.m. Monday, a 23-year-old Ann Arbor woman traveling east on Geddes went through a red light at the intersection of Geddes and Canton Center, according to witnesses. Her late-model Chrysler was struck by a Chevette traveling south on Canton Center, causing the woman's car to go into a spin.

The woman's car struck a large asphalt truck head-on, which was going west on Geddes, as it approached the intersection, according to Canton police officer Patrick Nemecek.

The 23-year-old victim, Ju-Chin Chainj, was removed from her vehicle by the Canton Fire Department and taken to Annapolis Hospital in Wayne, where she was pronounced dead at 10:30 a.m., according to Nemecek.

The victim was wearing her seat belt at the time of the accident, according to Nemecek.

The accident is currently under investigation, according to a Canton Township press release.

Another fatal accident occurred three days prior, on June 29 at 10:30 p.m., when a New Boston man lost control of his motorcycle on Michigan Avenue, just west of Belleville Road, according to police reports.

The victim, Bruce Paul Rousse of New Boston, was taken to Annapolis Hospital, where he was pronounced dead at 11 p.m., according to reports.

Rousse, who was driving the motorcycle, and a man following close behind him in a 1979 green Mercury Monarch, were weaving in and out of traffic passing motorists at speeds of approximately 70 to 80 mph, according to witnesses at the scene of the accident.

The motorcyclist applied his brakes, when a car pulling a boat trailer, was slowing down in front of him, according to witnesses.

The victim lost control of his motorcycle and slid on the pavement. According to police reports, the man, traveling behind the cycle, didn't strike the victim.

Nemecek said it hasn't been determined whether the motorcycle hit the boat trailer.

The man driving the 1979 Mercury Monarch was taken to the Canton Police Department where he was given a breathalyzer test which registered .18, according to police reports.

The man, who was a friend of the victim, told police he was trying to slow his friend down, according to Nemecek.

The driver of the car was arrested for driving while under the influence of alcohol, Nemecek said.

The Wayne County Examiner's office will issue a full autopsy report to the Canton Police Department in approximately two weeks, he said.

Tax bills to have new look

By FLORENCE MEEKS
ANP Staff Writer

Romulus property owners can expect to see some changes the next time tax bills arrive in the mail.

Representatives of the city treasurer's department have attempted to improve the billing system, Treasurer James Napiorkowski said.

First, he said, property tax notices will not include city and school millage rates.

"That's something that didn't appear before," Napiorkowski said.

Also in the listed information, legal descriptions will be abbreviated to save space and paper.

Property identification numbers will now be printed twice. The second number will be coded, for a system similar to a grocery check-out scanner. Bill amounts will also be coded, Napiorkowski said.

"This is for a more accurate billing system," he said.

With this new approach, treasurer's office workers can run bills over a scanner to register information on a computer system.

The appearance of the tax bills changed also. Three copies will appear on a typing-size sheet of paper in a heavy stock for easier handling.

Unlike previous bills, these will be recyclable, the treasurer said.

Every season, he continued, bills will be a different color. The first bills will be on blue paper.

"It makes it a little easier to identify," he explained.

An overall change in the billing system is that all information from all involved offices will be on one computer system.

"It's really going to be an improvement in the way we process things," Napiorkowski said.

Mystery tour makes stops in Romulus

By FLORENCE MEEKS
ANP Staff Writer

During a mystery tour designed to provide a "behind the scenes" glance at the Downriver area, three busloads of business people made several stops in Romulus last week.

The Third Annual Downriver Mystery Bus Tour was sponsored by the Southern Wayne County Chamber of Commerce. The event was designed to put Downriver communities in a positive light, said Ed Clemente, chamber administrative assistant.

"We're trying to push expansion. The city itself has potential to be a focus for the downriver area," Clemente said.

After beginning their tour with a reception in Southgate, the group set off for the Chevrolet-Pontiac-Canada plant at Ecorse Road.

The visit through the plant included a stop in the robotics department.

Additional stops included the Marriott hotel for dinner and Detroit Metropolitan Wayne County Airport.

The final stop was the most interesting, Clemente said.

Airport representatives provided a fire equipment demonstration, a tour of the international terminal and a look at the cockpit of a 757 aircraft.

Coordinators of the mystery tour were Charlene Mitchell, Michigan Bell; Mike Kelly, Commuter Transport, and Clemente.

Bikers invited to group rides

A group ride along the Interstate-275 bicycle path will be sponsored next month by the Romulus Recreation Department.

Participants can meet behind the recreation building at Bibbins Road at 9 a.m. Aug. 4.

Budget appears promising

By FLORENCE MEEKS
ANP Staff Writer

A budget suggesting a healthy financial status for the city was approved unanimously by Romulus City Council last week.

The 1990/91 fiscal year budget predicts total revenues and surplus at $10.4 million for the general fund.

Total general fund expenses and contingencies are $9.9 million, the budget message states.

Among the largest allocations are the police department, $3.1 million; building and grounds, $1.2 million and the fire department, $553,099.

Major sources of revenue are taxes, $4.3 million; intergovernmental revenues, $2.6 million and non-business license and permits, $553,000.

Along with the budget, councilmembers last week approved millage rates for the new fiscal year – operations, 9.1436; sanitation, 1.7000 and sewer debt, 0.5000.

Total millage rates for the city come to 11.3436.

Recreation bids accepted

By BARBARA GOFFMAN
ANP Special Writer

Romulus city officials will be accepting proposals and bids until 2 p.m., July 24, for updating the Master Recreation Plan.

Councilmembers authorized the acceptance of bids at the June 25 meeting.

The update is necessary for the city to qualify for Department of Natural Resources or block grant funds, Mayor Beverly McAnally said.

"There are several things we want to do that are not included in the current recreation plan, such as connecting Albert Johnson Park to the golf course and constructing an historic park," she said.

The updated plan will incorporate all of the city recreational goals, she said.

It will provide an overview of existing conditions influencing the delivery of recreation services and will establish policies to be used as a framework for meeting future goals and objectives. It also will develop specific long and short-term proposals for meeting these needs, she said.

Proposals will be evaluated by price, consultant staff qualifications, consultant capabilities and previous work experience, and the scope, clarity and knowledge of the recreational needs of the community.

The Master Plan will be financed with Community Development Block Grant Funds. The city will spend no more than $11,000.

Noise

Continued from page A-1

Amann and McNamara are working with Congressmen William D. Ford and John D. Dingell to force the FAA to make changes in the flight patterns to mitigate the noise problem.

"Esper claims that McNamara is hellbent on responsible expansion. We have retained Cutler & Stanfield (a law firm which specializes in negotiations to solve conflicts about aircraft noise), the best talents in the country, to deal with the noise concerns," Amann said.

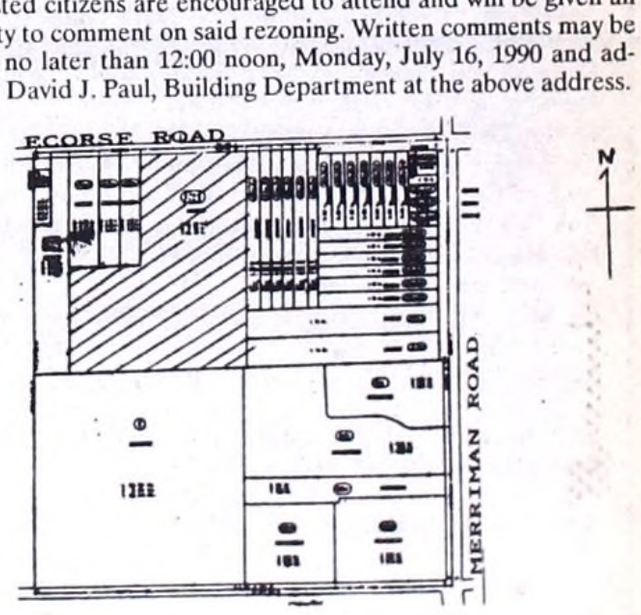
"There is a bill in Congress now to require the FAA to do a noise study with each flight time noise considerations will be injected into flight changes. We are working to get this bill to retroactively affect Detroit Metro," Amann said.

Romulus, Canton Township and Westland are among those communities most greatly affected by the new flight patterns. Leaders in the three communities said they have not received increased complaints about airport noise.

CITY OF ROMULUS
NOTICE
ROMULUS PLANNING COMMISSION MEETING

The Romulus Planning Commission has scheduled a meeting to be held Monday, July 16, 1990 at 7:30 p.m. in the Romulus City Hall Council Chambers, 11111 Wayne Road, Romulus, Michigan 48174. The purpose of the hearing is to consider a request for Special Approval Use for PC-025-07-90 for a long term parking facility located at 31831 Ecorse Road between Merriman and Wayne Roads in an R-C (Regional Center) zoned district.

All interested citizens are encouraged to attend and will be given an opportunity to comment on said rezoning. Written comments may be submitted no later than 12:00 noon, Monday, July 16, 1990 and addressed to David J. Paul, Building Department at the above address.



Shaded area indicates proposed Special Approval Use.

Free lunch program is available

By BARBARA GOFFMAN
ANP Special Writer

The Wayne County Health Department began offering a summer food program for children June 18.

Operated from 40 locations throughout the county, the program provides free nutritious lunches in areas where most children receive free or reduced-price school meals during the school year, said County Executive Edward H. McNamara.

"Children need good nutrition during the summer just as they do during the school year when the school lunch program is operating," McNamara said.

He estimated that more than 3,000 children will take advantage of the program each day.

Children do not have to provide any identification or information about parental income to receive the lunches, said Carrie Nelms, manager of the summer food program and a nutrition consultant for the county health department.

The food program also is available to people over age 18 who are determined to be mentally or physically handicapped by a state or local educational agency or who participate in public or private nonprofit school programs for the handicapped.

No identification or certification need be provided by these individuals to participate in the food program as well, said Nelms.

The lunches will be available at the following locations:

In Westland, Monday through Saturday, until August 25: Jefferson Elementary School, 32150 Dorsey, from noon until 2 p.m.; Lincoln Elementary School, 3380 Grand Traverse, from 12:15 until 2:15 p.m.

In Wayne, Monday through Friday, until August 25: Vandenberg Elementary School, 32101 Stellwagon, from 12:30 through 2:30 p.m.

In Romulus, Monday through Friday, until August 31: Merriman School, 15303 Merriman, 10:45 until 12:45 p.m.; Romulus Civic Center, 11495 Wahrman, 10:30 through 12:30 p.m.; Wayne Metro, 35408 Beverly, 10:15 until 12:15 p.m.

BUSINESS

Local video team meets success

By SEAN KELLY
ANP Special Writer

After changing the name of the company from Glass Eye Video Productions to Brainstorm Inc. this past March, things have been looking up for co-partners Darrel Ransford and Ron Reid.

Glass Eye Video, a 6-year-old partnership, became Brainstorm Inc. in March of this year when Ransford bought out equal partner Jeff Rednour. Ransford then moved the company to Westland after receiving additional capital from private investors and changed the company name.

Marketing Director Ron Reid attests to their new-found success: "As Glass Eye Video, we offered our services to many first-time video users, especially in the area of cable commercial production. Now, as Brainstorm Inc., we are still able to compete in that market, plus we are much better equipped to service the more sophisticated needs of companies seeking training and promotional tapes."

Indeed, Brainstorm can now include among their clientele Great Scott Supermarkets, Little Caesars and BASF's Ink and Paint Division.

The company is still in the beginning stages of expansion and is run by three full-time and two part-time employees, all of whom are stockholders. Production manager and part-owner Dave Adams sees the new studio on Hix Road in Westland as ideal for the company, as it has increased their studio area more than 50 percent from their old Plymouth location.

"Working with the additional space will greatly enhance our flexibility for in-studio video taping sessions, plus we have included a number of technical improvements along with the studio expansion," he said.

Brainstorm Inc. management staff includes: Ron Reid, marketing director; Darryl Ransford, (seated) president; and Dave Adams, production manager. ANP photo by Werner Slocum/staff photographer

Both of the principle partners, Ransford, 30, and Reid, 28, live in Westland and earned degrees from Eastern Michigan University. Ransford earned his in theatrical arts in 1938, and Reid attained his in arts management in 1984. While at EMU they were very involved in the drama department both as directors and on stage. Today, however, the two prefer to stay behind the scenes as they collaborate on writing the scripts, directing, designing computer graphics, etc.

Reid concedes that though the partners collaborate in most areas, he generally handles the business aspect of Brainstorm, while Ransford is mostly involved in meeting with people and setting up jobs.

A combination of various jobs and the small staff tends to keep the company employees on their toes. Their hours vary greatly as most of the time they are at the mercy of their clients and availability.

But as Reid says "That's typical of a small business." A small business that is on the rise."

Yogurt shop opens in Belle Plaza

Yogurt Twist is the latest business to open in the Belle Plaza shopping center on Sumpter Road.

The frozen yogurt shop, which specializes in Colombo Frozen Yogurt, also serves bakery items, specialty cakes, sodas, subs and gourmet popcorn. Dine-in and drive-through services are offered.

The month-long grand opening will be celebrated with a drawing for a large stuffed bear – the Yogurt Twist mascot.

Store hours are 10 a.m. to 10 p.m. Monday through Saturday and noon to 7 p.m. on Sunday.

Belle Plaza is one of the oldest shopping centers in the Belleville area, and offers a variety of retail shops, food and drink establishments, fast foods, insurance and a Secretary of State office.

In addition to the Yogurt Twist, the plaza houses J.B.'s Place, Ranch House Restaurant, Guys and Gals, California Toning and Tanning Salon, Collar/Walton AAA Agency, Kathy's Kreations, Belle Chicken, Once is Not Enough and Video II Shop.

UNEXPLAINED WEIGHT LOSS PUZZLES SCIENTISTS

FINLAND — The unexpected weight loss experienced by members of a test group has puzzled medical researchers at a leading Finnish university. Scientists were testing a naturally-occurring compound for its ability to lower blood cholesterol levels when, to their surprise, they found that every person who took the formula had lost a significant amount of weight.

The formula was then tested at another prestigious European university hospital. Again, all patients lost weight even though they did not change their eating habits. The report detailing this study, published in the British Journal of Nutrition, stated: "Body weight was significantly reduced even though the patients were specifically asked not to alter their dietary habits."

This woman reportedly lost 134 pounds while on the formula.

While it is still not entirely clear how the formula induces weight loss, some scientists believe this compound actually alters the way the body digests food: when taken before mealtime it bonds with food and suppresses calorie absorption. Unabsorbed calories would pass through and out of the digestive system.

The formula is marketed in capsule form in the United States under the trade name Cal-Ban 3000. A firm located in Tampa, Florida has exclusive North American distribution rights to Cal-Ban 3000. A company spokesman reported that the formula is 100% natural and has been clinically tested for safety. Review of the customer files of this company revealed the names of hundreds of people who have lost as much as 20, 40 or 80 or more pounds overall with Cal-Ban 3000. This appears to be a golden opportunity for people who are plagued by fat and cellulite that they can't seem to lose by conventional methods.

Cal-Ban 3000 is reasonably priced at $19.95 for a 3-week supply and $38.95 for a 6-week supply. Postage and handling is $3. VISA, M/C, AMEX and COD orders are accepted. To order call TOLL-FREE 1-800-537-3723 or purchase locally at:

CITY OF ROMULUS
CHAPTER 37

AN ORDINANCE TO AMEND SECTION 37-21(8) OF THE CITY OF ROMULUS CODE OF ORDINANCES, TO UTILIZE THE FUNDS ACCUMULATED IN THE WATER AND SEWER LOAN REPAYMENT ESCROW ACCOUNT

WHEREAS: The City of Romulus, on the 7th day of July 1977, provided for a Water and Sewer Loan Repayment Escrow Account, intended to accumulate funds for the payment of necessary expenses intended to reduce indebtedness of the Water and Sewer Department to the General Fund of the City of Romulus; and

WHEREAS: The City Council of the City of Romulus, specifically provided when establishing the aforementioned account, the funds accruing to these accounts may not be expended, transferred or otherwise distributed except by ordinance duly adopted by the City Council; and

WHEREAS: Actual funding began approximately December, 1977, and there is an accumulated balance, as of this date, including interest of $395,453.64.

NOW, THEREFORE, BE IT RESOLVED: By the City Council of the City of Romulus that it does herewith introduce an ordinance as required by Chapter 37, Article II, Section 37-21(8).

AN ORDINANCE TO PROVIDE FOR THE APPROPRIATION OF FUNDS ACCUMULATED IN THE WATER AND SEWER LOAN REPAYMENT ESCROW ACCOUNT.

THE CITY OF ROMULUS ORDAINS:

SHORT TITLE: Appropriation of Escrowed Water and Sewer Funds 1990.

Section 1: Effective upon publication of this Ordinance in the official newspaper of the City of Romulus, $200,000.00 presently deposited in the Water and Sewer Loan Repayment Escrow Account shall be and the same is hereby appropriated for utilization in the payment for South Huron Valley Waste Water System Debt for the purpose of reimbursing the Sewer Debt Service Fund for past payments made in error, and to provide for payments through June 30, 2000.

Section 2: If a section, sentence, clauses or phrase of this Ordinance is for any reason held to be unconstitutional, such decision shall not effect the validity of the remaining sections, sentences, clauses and phrases of this Ordinance as an entirety. It being the legistative intent this Ordinance is standing and withstanding the invalidity.

Section 3: This Ordinance shall become effective upon publication in a newspaper of general circulation or as otherwise provided by the City Charter of the City of Romulus.

Linda R. Choate, CMC
Clerk, City of Romulus, Michigan

I, Linda R. Choate, CMC, Clerk, for the City of Romulus, Michigan do hereby certify that the foregoing is a true copy of an ordinance duly adopted by the Romulus City Council at its regular meeting held on the 12th day of June, 1990.

Linda R. Choate, CMC
Clerk, City of Romulus, Michigan

ATTEST; Beverly McAnally, Mayor

Within forty five (45) days after publication of any ordinance duly passed by the Council, a petition may be presented to the Council protesting against such ordinance continuing in effect. Said petition shall contain the text of such ordinance and shall be signed by not less than six percent (6%) of the registered electors registered at the last preceding election at which a Mayor of the City was elected. Said Ordinance shall thereupon and thereby be suspended from operation and the Council shall immediately reconsider such ordinance.

CHAPTER 37

APPROPRIATION OF ESCROWED WATER AND SEWER FUNDS 1990.

INTRODUCED: May 14, 1990
ADOPTED: June 12, 1990
PUBLISHED: July 5, 1990

"Western Wayne County's

Opinion

Compromise is best for all

While the forces involved are portraying it as a battle of the environment against the economy...there may be a compromise which will benefit everyone involved.

A group of Dearborn residents is attempting to force the bond issue which will finance the expansion of Metro Airport onto a ballot. Spokesmen claim that this will offer residents a chance to determine the fate of the expansion and provide some control of the noise pollution they are experiencing.

Proponents of the expansion, however, note that the bond sale will provide funds for added parking lot facilities and have nothing to do with the actual air traffic. They do admit that the additional parking and traffic control will allow for greater airport use and the number of flights may actually double within the next few years.

The noise, according to Wayne County officials charged with the operation of the facility, is due to newly-imposed Federal Aviation Administration rules which mandate a take-off pattern which is nearly vertical. That necessitates the use of much more thrust and power from the aircraft, which causes more noise. Yes, there is an increased noise factor affecting homes in Dearborn, Canton Township and Romulus, they admit, but attempting to halt the new bond issue and the parking expansion may not be the way to curtail or control the cacophony.

We tend to agree with Wayne County Executive Ed McNamara and Deputy Executive Mike Duggan who feel the efforts to curtail the parking lot expansion might be better spent in attempting to alter the rules imposed on the flight plans at the airport. They both readily admit that there will be increased flights with the new parking expansion, but note that this can only benefit the local economy and the entire state.

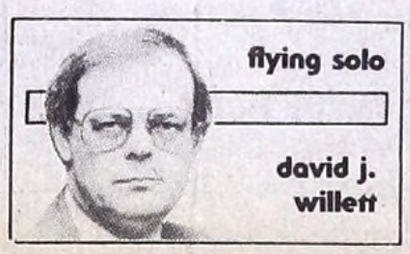
Further, Wayne County Noise Czar Bryan Amann has explained that new planes which will be in general use by FAA directive within the next 10 to 20 years will be able to accommodate the new flight patterns without the excessive noise experienced by the aircraft in use today. He suggests that an increased effort by citizens to urge immediate purchase and use of this aircraft might solve the noise problem better than curtailing the expansion.

We think he's correct. While we applaud the efforts of the group calling themselves Citizens Against Aircraft Noise to attempt to improve the environment, we wonder if perhaps their efforts are not somewhat misguided. The FAA has imposed new regulations requiring more noise in an effort to improve safety and clear flight paths sooner at the airport. There may be more noise, but there may also be a much improved safety factor for passengers and aircraft staff.

We don't encourage pollution of the environment of any kind–but we feel even that may be preferable to the risk of human life. None of us has forgotten Flight 255 and will ever encourage any situation which might offer that type of threat to human life.

We encourage the activists to re-evaluate their position and channel their efforts at the airlines, urging them to purchase the new planes sooner and get the quieter, safer craft into use as soon as possible. Ten to 20 years is too long for residents to listen to the roar of jets overhead every few minutes–but the loss of even one life is too high a price to pay for a little quiet.

God took her back too soon



flying solo

david j. willett

She was on her way home, intent on being in before her 12:30 a.m. curfew and only 2 miles from her front door. The driver was a boy she had known only casually through her part-time job at a local lumber company.

He had phoned her earlier and asked if she wanted to go for a ride in his new Mustang GT, a graduation gift from his parents. And she, in an attempt parents. And she, in an attempt to cheer up one of her best might be fun for both of them. She had earlier told Vickie to cheer up and not be down and had invited her to come spend the night so the two of them could go "do something." It seemed like a perfect way to spend the end of a summer evening. She and Vickie went for a ride with Scott Kempa and Todd Lako and their destination was the new home only a few miles away where her family would be moving within a week.

But as soon as the new Mustang began to back down the driveway of the Simcheck home, Brandi's mother, Lynn, began to worry. It wasn't only the comments of her son who noted that Scott was spinning the car wheels and speeding down the driveway in reverse. Lynn will tell you it was more. It was an uneasy premonition of disaster. She thought her daughter might not come home.

When curfew time passed and her oldest child wasn't there, her feeling crystalized into a diamond-hard terror in her chest. Then she and her husband, Paul, heard the sirens.

Lynn got dressed.

At 2:30, the gnawing fear could no longer be ignored. She phoned the police and was informed that there had been no traffic accidents, nothing to report. Lynn didn't believe it. She felt relieved, she felt better, she tried very hard to accept it. But in her heart, she still felt the fear only a loving, caring parent understands when their child is in danger. While she tried, she just couldn't believe it.

Meanwhile, shocked and saddened Livingston County Sherriff and State Police officers were attempting to remove the bodies from the tangled mayhem which they had discovered at the 12:30 a.m. call to a small bridge abutment on Eager Road in Osceola Township. They couldn't tell Lynn anything when she phoned, because they truly didn't know if Brandi was in the car. The wreakage precluded immediate identification of the bodies.

Scott Kempa, 19, was obviously very proud of his new car and of the speeds which it could attain. He died demonstrating the 90 mph plus performance of the car and took Brandi Simcheck and Vickie Hagler, each only 18 years old, with him. His best friend, Todd Lako, 19 is still hospitalized with injuries sustained when Scott lost control of the car coming out of a turn and slid sideways into the bridge abutment at speeds estimated by police to be 90 to 95 mph. The car was severed in half at the dashboard firewall as the passenger side smashed into the unmoving concrete. Lynn's worst fears were realized on that tiny bridge when a brief error in judgment took three lives.

At the funeral home Sunday, friends and classmates poured through the doors and overflowed the huge rooms. Brandi and Vickie were in adjoining rooms, although Brandi's casket was closed, in respect for her youthful but firm opinions about the viewing of the deceased.

The flow of youth seemed unending, and each young person stopped to speak to Lynn and to Paul, all having something to say about Brandi. Lynn could not tell them then that they were all that got her through the ordeal. Their youth and knowing that her child was like them, one of them, and that their friendship made them each a part of the whole and that they were, to her, each a part of her child.

In a world full of children who are unwanted and uncared for, it seems doubly tragic when a child so loved, so cherished and so prepared to make a serious contribution to society is taken. Brandi Simcheck was an example of God's finest work, perhaps that's why he took her back so soon.

Paul and Lynn Lawrence Simcheck, my niece, are both graduates of John Glenn High School in Westland. They married shortly after graduation and have five wonderful, beautiful children whom they adore. They work at being good parents, and their efforts were well rewarded with Brandi.

Their oldest daughter was the epitome of all her parents' beliefs and goals. Along with her extraordinary beauty, she had the quick wit and fine mind all envy in the young. She had nerve and spirit and was a person to speak her mind. Her parents taught her respect without cowardice.

But more than all of that, Brandi had a love of life, a sparkle, a spirit that infested everyone who came near. She lit up rooms with her lively laugh and presence. She was as charismatic a personality as can be imagined with a genuine gift for bringing joy to anyone in her wake. Brandi was truly one in a million.

Nothing can change what has happened. Nothing can bring her back. No words can ease the pain of three sets of parents, all attempting to find some solace from their agonizing grief for their children.

There may be answers to the questions all who knew these three young people are asking. As I stood Sunday in MacDonald's Funeral Home in Howell, looking through a photograph album of Brandi's life, I couldn't help recall my own children's emergence into adulthood. There were the photos of her as a baby, showing her first toothless smiles, her first steps, the dance recitals with costumes, the gap-toothed school pictures and her blossoming into young womanhood as she smiled from the homecoming court float. I suffered my own agony as I realized how much of her life I had missed as our families grew apart and began to grow up.

As I flipped through the cellophane pages, three-quarters of the book was blank, empty. The line came, unbidden, to me, about the hand of fate filling in the blank pages of our lives.

The blank pages in Brandi Simcheck's book can only now be completed by those she left behind, those she loved and those who loved her. Brandi is alive now only in the minds and hearts of those who will treasure her memory and the joy she brought them with her presence here. Perhaps we can regret that she is gone, but we must also rejoice in her presence here, no matter how short. There are those who will never forget her.

Sobbing young friends of Brandi's have planted flowers at the bridge where she died. Written on the very concrete embankment which ended her life is this text: *We will never forget. June 30, 1990.*

We can only hope that the pages in Brandi's book of life will be completed with love and compassion and with a fond regard for a young woman taken from us so very soon. Her pages can only be filled now with the love and memories she inspired while she was with us.

We can only hope that, in fact, none of us ever forgets.

County seeks 1-mill renewal

By RANDY FRANK
ANP Staff Writer

Park maintenance, health care for indigents, increased jail space and economic development are some of the services which face elimination or reduction if Wayne County voters don't approve the county one-mill renewal on the August 7 ballot, according to Wayne County Executive Edward McNamara.

The county would receive $24 million from the one-mill renewal for "discretionary services" which amounts to less than 10 percent of the $279 million budget for Wayne County, McNamara said.

"These are services which the county isn't obligated to provide, but they are necessary for the quality of life of many citizens," he said, "The renewal will allow the county to continue to provide dental care for youngsters from indigent homes and a host of other programs."

The revenue from the millage renewal will give the county funds necessary to maintain programs for 10 years. The monies will also aid programs which rely on funding on a matching basis from the state or federal government.

McNamara stated that between $10 and $20 million of matching funds would be lost if the one-mill renewal isn't approved by voters.

The county cooperative extension and 4-H programs which receive matching funds ..ould be eliminated because the county wouldn't be able to operate them without funding its portion, McNamara said.

Another important program which could be in jeopardy is Women and Infant Care. Cutbacks in this area would, in turn, affect the progress of the Family Center being developed on the Eloise property in Westland. Although the shelter itself wouldn't close, the nutritional service used by WIC parents would be reduced, McNamara said.

> These are services which the county isn't obligated to provide, but they are necessary for the quality of life of many citizens.
>
> **– Edward McNamara**
> Wayne County Executive

Funding from the millage renewal also helps the county pay for mental health services, maintenance and patrol of county parks and senior programs.

"I'm confident the renewal will pass, but I want to make sure citizens are aware of what might be lost if it didn't pass. It simply would be devastating to many people."

McNamara said, "The out-of-pocket expense of this tax is surprisingly little. Say a person's home is valued at $75,000. That means the assessed value is half of that, or $37,500. With a one-mill tax, that homeowner will pay only $37.50 for each year to keep Wayne County afloat."

McNamara said voters have approved the county millage renewal since it first was put on the ballot in 1966.

Brochures and literature promoting the millage are being paid for from McNamara's officeholders fund, not from county funds.

City golf tourney dates set

By TOM MOORADIAN
ANP Staff Writer

If you've been waiting to learn when the 1990 City Championship Golf Tournament is going to be staged, you need not wait any further - the dates are Saturday and Sunday, August 11-12.

The annual summer classic, which is in its 31st year, will be conducted at Fellows Creek Golf Course in Canton Township.

"This tournament is one of the most popular summer amateur golf tournaments in western Wayne County," noted Bill Hawley, tournament director. "We have had people play in this for years, and continue to come back.

"And we're inviting them to do so again. It promises to be another outstanding event."

The tournament is co-sponsored by the parks and recreation departments of Wayne, Westland, Canton, Romulus and Inkster in cooperation with *The Associated Newspapers*.

Matt Wiley, a Canton golfer, stopped Kevin Ryan of Inkster in the 1989 class. Ryan was shooting for a third consecutive title but fell apart on the final nine and lost to Wiley, who posted a 138 for the 36-hole total.

Wiley had won the championship in 1981 and in 1984 before losing to Michael Horn in the 1986 meet.

Each year some 100 amateur male golfers take to the field to compete for separate city titles for all of the participating cities. The golfers will play the first round on Saturday, Aug. 11, then return for the championship scheduled for the following day, Sunday, Aug. 12.

The golfers will be competing for trophies and a berth on their city's team. A five-man team will advance to the state parks and recreation finals. The low five scorers from each city are eligible to play on the city team. All other golfers will become alternates in order of their finish.

Golfers who live or work in a participating community are eligible to play in the tournament.

However, only bona fide residents may represent a city on the team in the state tournament. Trophies will be awarded to the first-, second- and third-place finishers in each flights will be conducted if the total entry from a city warrants it. In case of a tie for a trophy-finishing position, a "sudden death" play-off will be conducted.
off will be conducted.

There is a $40 entry fee, which covers the cost of the two days of golfing and trophies. No refunds will be made after tee time of the first day of competition.

Checks should be made out to *Bill Hawley*, tournament director. They may be mailed or dropped off at: Associated Newspapers, 35540 Michigan Avenue, Wayne, Michigan.

Golfers are asked to fill out the entry blank accompanying the story and mail it, along with the check, to the ANP offices before 5 p.m. Monday, Aug. 6.

The week of the tournament, the Associated Newspapers will publish tee-off times and foursomes. Those who have questions should address them to: Tom Mooradian, staff writer, 729-4000.

See **ENTRY**, page B-2

Kevin Ryan taps in a short putt en route to three City Championship Golf titles in the past 10 years. The Inkster golfer is one of 100 who usually competes in the summer classic annually at Fellows Creek.

Big league

Romulus opens lead in baseball

By TOM MOORADIAN
ANP Staff Writer

With their sights set on a district playoff berth, league-leading Romulus has a 1 1/2-game cushion over second-place Taylor in the race for the Big League baseball championship.

Rained out Saturday against winless and last place Detroit Northwest, manager Brian Moore and his ball club will play a pair of games this week with the cellar-dweller. Northwest will host a 6 p.m. Thursday game at its home on 8-Mile and Wyoming, while the local ball club will reciprocate the following evening, same time, at Romulus High.

Romulus, thanks to a solid defense, and some clutch hitting has surfaced with a 6-1 record to hold down the top of the standings. They look down at Taylor (4-2), the only team that appears to have a realistic chance of catching the front-runner.

Taylor Northwest is in the middle of the standings; however, they are 2-1 on the year.

Rich Evans, who recently was awarded an all-area berth on the *Associated Newspapers'* mythical team, continues to impress sandlot coaches. Evans has compiled a 3-0 won-lost record on the season. In his 21 innings of work, the Romulus senior has allowed 21 hits, fanned nine and has a 3.33 earned run average.

Evans' teammate, Ed Tank, who lost some heartbreakers during the recent prep season, also has an impressive 2-1 record and a 1.24 ERA.

Tank also is batting a hefty .478, collecting eight hits in 23 appearances at the plate. He also is the only Romulus player to drill a homer this season.

Pitcher Tim DuFore has the only other victory for the league-leader. DuFore went into the week of action with a .435 batting average.

Romulus is also receiving sterling efforts from Jeff O'Connor (.556), Ken Blevins (.474), Steve Honeycutt, who is batting .412; Eric Ward (.364), Evans (.313) and Tom Patterson (.250).

Other members of the league-leading team include: Mark Harden, Roy Sturivant, Adrian Teather, Dan Woods, Brian Ellison, Chad Filek, Joshua Fultz, Everette Robbins, and Bill Cajza.

Manager Moore has put together a managerial staff that consists of Mark Harden, Joe Kusibab, and Paul Filek.

Shooting stars

Summer cage league is hot

By TOM MOORADIAN
ANP Staff Writer

> Harris buried their opponents, Gerald Clark's, 89-71, Saturday for their second win as Terry Harris led the winners with a game-high 31 points. Kevin Packard and Jim Davis counted 21 and 16 points, respectively, for the winners.

The stars came out shooting in the Hank Hughes summer basketball league.

The eight-team league, sparkling with former prep and college stars, launched its inaugural season at the Inkster Recreation Complex last Saturday.

And undefeated Mel Harris and D. D. Wimberly have established themselves as the teams to beat. Both have won their two starts.

Harris buried their opponents, Gerald Clark's, 89-71, Saturday for their second win as Terry Harris led the winners with a game-high 31 points. Kevin Packard and Jim Davis counted 21 and 16 points, respectively, for the winners.

The losers wasted double-digit scoring from three of their players. Terrance Williams set the pace with 24 points, while Daymon Tillwell added 20 and Robert Harris scored 10.

D.D. Wimberly kept pace with a 68-60 victory over the Marvin Hughes' team. Andre Davis, an all-stater from Inkster High, tossed in 16 points and John Wimberly added 10 for the winners, while the losers received 17 points from John Marshall.

Anthony Strickland (14) and Rodney Heard (10) also were in double figures for the losers.

Jordan Junior College broke into the winning column at the expense of T. C. Bonner, 68-63. Bonner wasted a game-high 27 points from Chet Cash, who wreaked havoc on the defense. Gary Johnson finished with 16 and Keith Strickland had 14 for the losers.

The college team put three players in double figures with Anthony Lanier's 16 leading the way. Mark Simpson added 14 and Wilkins finished with 11 for the winners.

In the only other game, the Daryl Lewis club won a 56-54 cliffhanger from Leslie Reynolds as Michael Aaron, former Robichaud High cage great, presently with the University of Detroit Mercy, scored 17 for the victors. Teammate Ray Kelser chipped in with 15.

Reynolds sank 18 points for the losers and Adam Lockett counted 10.

The action will resume 12:45 p.m. Saturday when Harris and Bonner clash in the opening game; Reynolds takes on Bailey's at 1:45 p.m., while Clark and Jordan College have a 2:45 p.m. date on the court. In the curtain-drawer, Hughes plays Lewis.

Games are played at the Recreation Complex, on Middlebelt, a quarter-mile north of Michigan Avenue. Admission is free.

Inkster to host 12th annual tourney

If tennis is your game, then you may want to compete in the 12th annual open tennis tournament.

The tournament is staged in Inkster under the direction of the parks and recreation department.

"Our tennis courts have recently been asphalted and painted," said Ron Wolkowicz, recreation director. "Our tournament has been very popular with local and area tennis players in the past."

The tournament will be staged over a period of three days - August 17, 18, and 19 in conjunction with the Inkster Summer Festival.

There will be competition staged in singles, doubles and mixed doubles, according to age brackets: 35 and over singles and doubles; adult men's singles, adult women's singles, adult mixed doubles, adult men and women's doubles; youth 14 and under singles; youth 17 and under, singles and doubles.

There is a registration fee.

For further information about the parks and recreation department at 728-7530. The city municipal tennis courts are located behind the recreation complex on Middlebelt Road, north of Michigan Avenue.

Road to nationals

4 Inkster runners qualify for track competition

By TOM MOORADIAN
ANP Staff Writer

> You can compete in sports only for a couple of years, but the knowledge you gain in the classrooms you must use for the rest of your life.
> **– Keith Bailey**
> Inkster track coach

With the 1990 high school track & field season behind them, four Inkster High athletes have turned their talents to American Amateur Union (AAU) and Track Athletic Congress competition.

And the four - George Johnson, Marco Harris, Lacrecia Tyus and Tamesha Murray - are establishing themselves as among the finest runners in their age bracket in the AAU and TAC.

Johnson, who will be a senior this fall at Inkster High School, captured the gold medal in the 800-meter run at the Track Athletic Congress championships staged recently. He posted a 2:12 in inclement weather for the victory. On Saturday, at the AAU Michigan meet, Johnson continued his winning pace by leaving his opponents in his wake and hitting the wire in the winning time of 2:07.

Johnson has qualified to compete on July 15 at Marshall University in West Virginia. A victory at the regionals will enable him to advance to the national AAU championships which will be conducted later this summer in Tampa, Florida.

Johnson's running mate, Marco Harris, also survived local competition in the 400-meter dash, and will compete in the regional. Carding a personal best time of 54.3, Harris was runner-up in the 400 in the 15-16 year old bracket.

Coach Keith Bailey, who was responsible for fielding the Vikings' team with Coach Mary Mabry, came up with a pair of medalists in Tyus and Murray.

Tyus captured two silver medals when she finished second in the 200-meter dash (26.3) and in the 400-meter (61.5).

Murray was fourth in the 400.

Bailey noted that his team members are not only excellent in track & field, but in academics as well.

"Johnson is only 15 years old, and he will be a senior at Inkster this year," Bailey said. "The three other athletes have 3.5 or better grade point averages, and we're all proud of them."

Bailey said that he stresses academics as well as athletic excellence to his runners.

"Our goal is not only athletic achievement and excellence, but to excel in the classroom as well," Bailey said. "You can compete in sports only for a certain number of years, but the knowledge you gain in the classrooms you must use for the rest of your life.

Boys of summer

32 teams to seek Sims invitational tourney title

By TOM MOORADIAN
ANP Staff Writer

The boys of summer are gearing up for one of the most prestigious softball invitationals of the season.

The Inkster parks and recreation department is seeking 32 men's slow-pitch teams to compete in the annual Johnnie A. Sims softball tournament.

Sims, an outstanding baseball and softball player turned coach, was slain in Inkster several years ago. The tournament is a posthumous tribute to the man who helped local and area youngsters become involved in sports.

"This tournament is sanctioned by the American Softball Association," noted Ruth E. Williams, tournament director. "We'll take the first 32 teams that sign up. There will be trophies and awards to the top finishing teams."

The men's "open" slow-pitch tournament will be staged July 20, 21 and 22 on Inkster softball diamonds.

Each team will be allowed to carry up to 18 players in its lineup.

Managers and coaches who have any questions about the tournament regulations are urged to contact the recreation offices at 728-7530.

The Inkster parks and recreation department is also preparing to conduct its annual City Track and Field Championships.

Boys and girls, ages 9 to 14, may try out for the city team that will compete in the regionals.

"You must qualify for this team at the summer playground locations," said Ron Wolkowicz, recreation director.

The annual Junior Olympics will be staged at 10 a.m. July 10 at Westwood Park. The athletes who qualify may participate in the regional Hershey Track and Field competitions scheduled to be conducted in Howell July 13.

The annual Metro Youth Fitness meet will be staged July 26 at Kensington Park.

Swimming, basketball top vacation programs

Local parks and recreation directors are urged to drop off softball score sheets and standings before 5 p.m. Friday in order for the ANP sports staff to meet their deadlines.

Directors who have questions may direct them to ANP staff writer Tom Mooradian. He can be reached at 729-4000 during regular business hours.

With temperatures expected to reach the high 90's this week, what better way to cool off than jumping in a swimming pool?

Or lake?

Or taking part in a wide range of recreation activities offered by the cities and townships?

Inkster Parks and Recreation officials announced this week that they will again offer swimming lessons.

"We have top-notch instructors, who are experienced teachers handling our swimming program again this summer," said Ron Wolkowicz, recreation director. "The pool will be open seven days a week, and those who wish to participate in our programs are welcomed."

Recreation officials added that the pool may be rented to clubs and groups at a reasonable price. Further information may be obtained by telephoning the recreation offices at 728-7530.

Beginning July 9, Inkster also will offer an introductory class in the art of karate. There will be classes for adults and junior and high school age students.

Classes will be conducted beginning at 6 p.m. until 8 p.m. Monday and Wednesday at the Inkster Recreation Complex, Middlebelt, a quarter-mile north of Michigan Avenue.

The eight-week program will be instructed by Samuel Williams, Jr., who has earned a black belt. The black belt is symbol of excellence in the sport.

There is a $40 registration fee for participants 12 and under; the fee is $50 for adults.

The city's summer basketball league continues to be one of the main attractions for the junior and high school-age group. Clinics, featuring some of the outstanding college and prep stars of the past, are being planned during the month of July.

Last month, the high school summer basketball league began competition. Games are played Monday through Thursday.

There is a senior circuit - the Hank Hughes League - that is in action on Saturdays.

Baseball is in full swing on all of the city diamonds.

Introduction to the fundamentals of baseball is being offered at Westwood, Oakgrove, Kennedy and King parks.

Players take to the field at 10 a.m. and play until noon. There is a $12 registration fee.

THE 31st CITY GOLF TOURNAMENT WILL BE STAGED AT FELLOWS CREEK GOLF COURSE ON AUGUST 11 AND 12.

The Tournament is the qualifier for the Michigan Parks and Recreation State Tournament September 24th.
Everyone will be placed into flights according to ability.
The Entry Fee is $40.00 which includes 2- 18 hole rounds of golf on the weekend, and trophies and prizes.

OBITUARIES

Siemasz, William J.

William J. Siemasz, 73, of Wayne died July 2, 1990.

Mr. Siemasz is the beloved father of Timothy, Greg, William Jr. and Dale and Thomas Helton.

He is the brother of Nick. He has eight grandchildren and one great-grandchild.

Funeral services are July 5 at the Uht Funeral Home in Westland. Burial will be in Adrian, Michigan.

Chinn, Eva I.

Eva I. Chinn, 64, of Wayne died July 1, 1990.

She is the beloved wife of Patrick and the dear mother of Martin, John, Fayetta and Nancy.

She has several brothers and sisters and four grandchildren.

Funeral services are July 5 at the Uht Funeral Home in Westland. Burial will be at Glenwood Cemetery with the Rev. O.L.

Block, Patricia

Patricia Block, 54, of Canton Township, formerly of Grand Rapids, died June 28, 1990.

She is the beloved mother of Deborah Tollison and Michael, David and Karen Flannagan.

She is the loving daughter of Phyllis.

She was preceded in death by her father, Dr. Alvin Drummond, and her brother, Peter Drummond.

Funeral services were June 30 at the Uht Funeral Home in Westland. Cremation rites were accorded by Rev. Dennis Beaver.

Harrison, James C.

James C. Harrison, 54, of Wayne, died June 28, 1990.

He is the beloved husband of Virginia and the dear father of Dale and Delores Ann.

He is the brother of Robert, Maudie and Linda.

He was preceded in death by his brother Gerald.

Mr. Harrison has one grandchild.

Funeral services were June 30 at the Uht Funeral Home in

Bevier, Phyllis

Phyllis Bevier, 62, of Wayne died June 30, 1990.

She is the beloved wife of Donald and the loving mother of Carol Miner and Jacqueline O'Day.

She is the sister of Janie Napier.

Mrs. Bevier has eight grandchildren.

Funeral arrangements were made by the Uht Funeral Home in Westland.

The family suggests memorials be sent to the Faith United Methodist Church in Denton, Michigan.

McLean, Viola

Viola M. McLean, 70, of Romulus died June 11, 1990.

She is the beloved mother of James McLean and Shirley A. Morneau. She is also remembered by six grandchildren and four great-grandchildren.

She was employed at the Detroit board of education offices.

Funeral services were June 14 at Crane Funeral Home with the Rev. J.D. Landis officiating.

Burns, John

John S. Burns, 79, of Canton Township died June 27, 1990.

Mr. Burns is the beloved spouse of Bernice M. Burns of Canton and the loving father of Frank of Canton, John of Taylor, James of Detroit, Paul of California, Robert of Westland, Mark of Livonia, Jane Biegan of Livonia, Bernice Ramsey of Wayne, Maureen Gauvin of Dearborn Heights, Kathleen of Westland and Elizabeth of Westland.

He is the brother of William of Sheridan, James of Colorado, Sister Mary, O.P. of East Detroit, Sister Julie, O.P. of East Detroit, Sister Michaelean, M. of East Detroit and Joan Lane of North Carolina. He has 26 grandchildren and four great-grandchildren. He was preceded in death by his brother Richard.

He was a retired pharmaceutical machine operator.

Funeral services were June 30 at St. John Neumann Catholic Church in Canton with the Rev. Matthew A. Ellis officiating. Funeral arrangements were made by Lambert-Vermeulen Trust 100 Funeral Home in Plymouth.

Delacourt, Harriet

Harriet Delacourt, 71, of Westland died June 30, 1990.

She is the beloved wife of Del and the loving mother of Michael L. Farrell and Kathy Delacourt.

She is the sister of Helen Hazel and Miriam Hartshorn.

She has nine grandchildren and one great-grandchild.

Mrs. Delacourt was a member of St. James Methodist Church in Detroit.

Funeral services were July 3 at the Uht Funeral Home in Westland. Graveside services were at the Harbor Beach Cemetery with Pastor Paton Zimmerman officiating.

EMIL SALA, 86, of Belleville died June 24, 1990. Funeral arrangements by David C. Brown Funeral Home in Belleville.

Szabo, Julius

Julius A. Szabo, 76, of Howell died June 25, 1990.

Mr. Szabo was preceded in death by his wife Virgilene.

He is the loving father of Julius G. Szabo of Mt. Clemens, Mrs. Richard (Betty) Barker of Howell and Mrs. Karen Zavodsky of Dearborn.

He is the brother of Mrs. Al (Rose) Piggott of Farmington. He has nine grandchildren and three great-grandchildren.

He was a member of Eagles 3957 in Florida, American Foundry Men's Society, Ford Yacht Club and a former Moose Lodge Member.

Funeral services were June 29 at Crane Funeral Home in Romulus with the Rev. Robert Allmann of St. Paul's Lutheran Church in New Boston officiating. Burial at Michigan Memorial Park in Flat Rock.

The family requests that donations be made to the American Cancer Society.

Watercraft adds excitement to the summer

By BARBARA GOFFMAN
ANP Special Writer

Summer fun can be had cruising in a convertible, traveling in foreign lands or riding the waves on a boat or watercraft.

The latter activity is probably the least expensive, and local residents have the luxury of living near lakes and several watercraft dealers.

More than 100,000 watercrafts, stand-up or sit-down speed boats designed for one to three riders, are sold each year.

The sit-down models have become more popular in the last few years, according to Mike Minton, sales manager of Jim Ruttman Inc., a watercraft dealer on Ford Road in Dearborn Heights.

Marine industry publications attribute the popularity of the sit-down models to their combination of high performance and touring comfort.

Riders of seatless watercrafts either stand or kneel on a rubber pad; therefore, they may have a more difficult time coordinating the craft than would a seated rider, explained Jane West, the operations manager of Roy Nichols, a watercraft dealer in Ann Arbor.

"Many riders find that a simple cruise around the lake on a stand-up is more work than fun," said Pascal Lepore, the marketing director of Bombardier See-Doo, a manufacturer of sit-down watercrafts. "That's why sit-down models are gaining in popularity."

Watercrafts can accelerate as fast as an average boat, according to Minton, and can go up to 37 mph in "real glassy type conditions."

They also are easy to handle, he said.

"You can turn the wheel with two fingers."

It takes just a few minutes to learn to ride the "user-friendly" sit-down watercraft, according to Lepore.

"Stand-up models, in contrast, usually require several hours of laborious trial-and-error learning before they can be safely navigated," he said.

Minton agreed, "They are easy to pick up. The crafts are fully bouyant, so anybody can step in one off the dock, turn on the engine and just go."

Minton has sold watercrafts to people ranging in age from 16 to 70.

"It's not like a jet ski where you have to be a hot dog to ride it. Anyone can ride it. It's an all-ages type of vehicle," he said.

Watercrafts are powered by unleaded gasoline, and have marine- oil injection. They can be used on any lake that allows gasoline- powered engines, Minton said.

Riders typically use the crafts from as early as April through September, he said.

Watercrafts are small enough to be stored in a garage.

They are priced from $3,000 to $5,000 for a new one. Used crafts start around $2,000, according to Minton.

"Watercrafts provide an inexpensive way to get a boat. They cost up to $5,000, versus the $15,000 to $20,000 that people would have to spend to buy a boat," he said.

Minton advised riders to wear coast guard approved flotation devises and goggles because spray often comes up from the water.

"The most important thing potential buyers should do is to look around at what's out there. See-doos are good, but there are a lot of other crafts to choose from. Obviously, as with cars, you want to stick with the name brands. They have the engineering and technology you can depend on," said Minton.

Car rental made easy

For those residents who will spend their summer vacations touring Europe, Auto Europe, a Maine-based firm which leases and rents cars to Americans oversees, has recently published its 1990 brochure.

The pamphlet contains auto specifications and photographs, as well as a comprehensive trip-planning map of Europe. It also includes information on rental rates, ferry routes and driving time, in hours, between cities.

Auto Europe operates throughout the continent at more than 3,500 locations, including major airport terminals, said Maureen Beaulieu, an associate in the sales and marketing department of the firm.

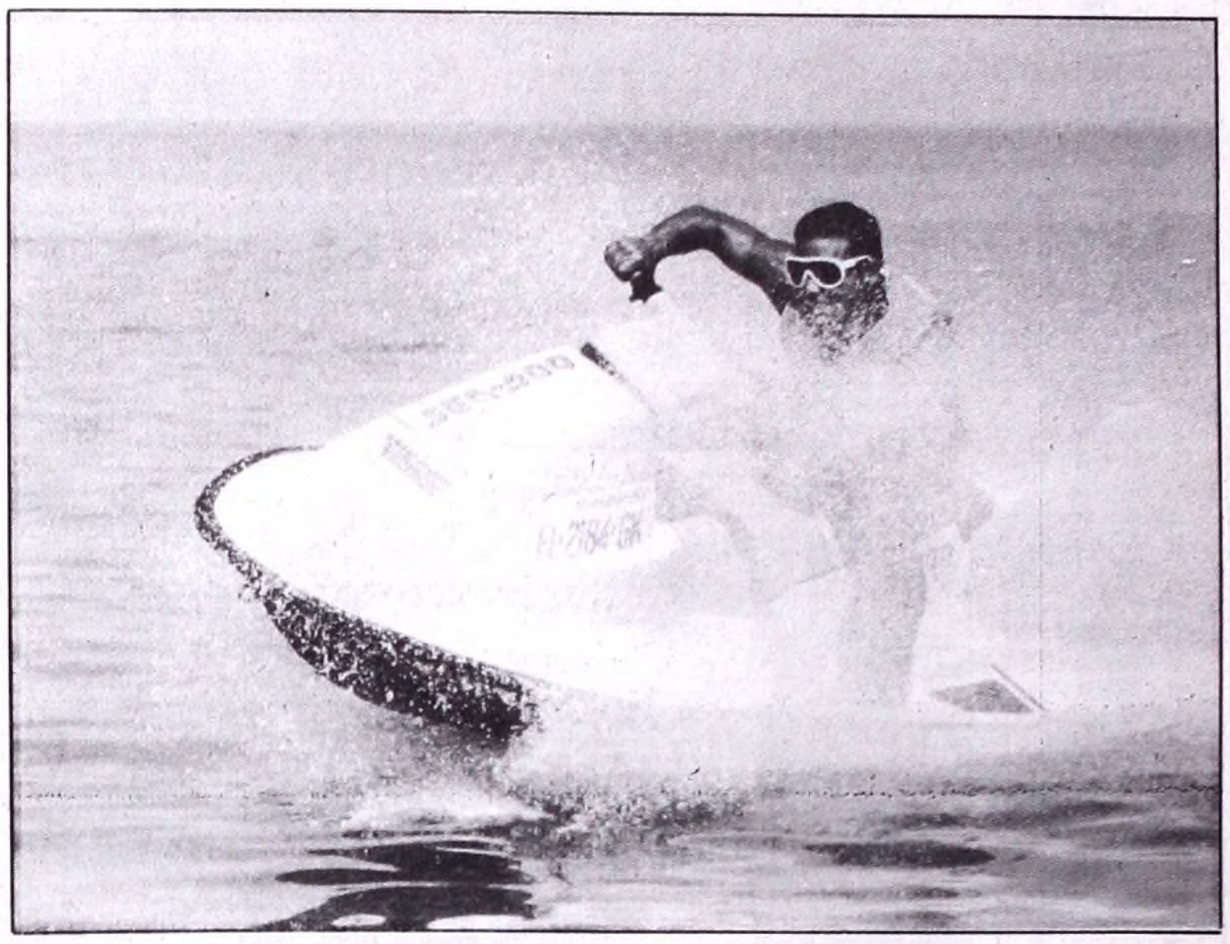
The company claims to have the most competitive leasing rates in Europe.

"If you find a better rate, we'll match it. It's that simple," Beaulieu said.

Rates include unlimited mileage, full insurance and all taxes, he said.

This year Auto Europe has introduced its service to Bulgaria, Czechoslovakia, East Germany, Hungary, Israel, Poland, Romania and the Soviet Union.

Further information and a copy of the 1990 brochure can be obtained by calling Auto Europe at 1-800-223-5555.



1990 Bombardier Sea-Doo

Summer heat can take toll

Summer's heat and stop-and-go traffic can take its toll on cars, but owners can reduce the odds of mechanical problems with proper maintenance, advises the National Institute for Automotive Service Excellence in a new, consumer brochure.

"Don't Get Hung Up In The Heat" lists and describes components and systems of the car that should be checked this summer. Some work can be done by owners; other jobs should be perfomed by skilled technicians.

Included in the preventive maintenance ASE recommends for the summer are:

- Have the air conditioning checked by a qualified technician;
- Flush and refill the cooling system with a 50/50 mixture of anti-freeze/coolant and water if it has not been done in the past 24 months;
- Check tightness and condition of belts and hoses;
- Replace worn wiper blades and fill windshield washer tank with solvent;
- Check tire pressure, examine tires for tread life and uneven wear and rotate tires every 5,000 miles.

Free single copies of the brochure are available by sending a business-size, self-addressed stamped envelope to: ASE Glove Box Tips, 13505 Dulles Technology Drive, Herndon, VA 22071.

No business like this business

Just Desserts

Sue Willett

The reason I'm in the newspaper business has become clear to me this week. It's because of my family.

Since the antics of many of my family members have been recounted numerous times in this space, any casual reader is well aware that I come from tainted stock. That is, my forebears are a bit more than eccentric and just short of certifiable...well, except for Uncle Toots, but everybody has one extremist in the group. I feel comfortable in the newspaper business because these folks provide an atmosphere of familiarity and comfort to me. They bring back the security of my childhood and the challenge of enduring each day unscathed by their mental instability. These people are nuts.

This is no joke. For example, one of our present top managers has a problem keeping track of her lingerie. This is not an exaggeration. What's worse, other employees have been party to the disappearance of her underwear. Hey, I didn't make this stuff up. See, this woman has a dog of which she is inordinately fond. The dog, in retaliation for some perverse puppyhood experience, expresses its affection by stealing her lingerie and dragging it all over the house and yard. The puppy also likes our coworker's husband and has scattered his jockey shorts from one end of the block to the next as a small sign of affection.

I repeat, this is no joke. Ask the woman's new neighbors what they viewed throughout her back yard when the spring thaw arrived this year. Underwear everywhere, and then their new puppy got in on this canine fetishism and snatched a few articles of intimate apparel from under the fence to drag into their yard and home.

Then our intrepid manager has a fellow employee dog sit while she vacations and the dog exhibits every piece of lingerie it can find in various hiding places throughout their home for his inspection. He, of course, now regales the entire staff with descriptions of the department manager's lingerie.

You see what I mean? And this is just mild. We have another manager who chased down two juvenile delinquents who attempted to steal the dinghy from her sailboat. The interesting part is the fact that she was wearing only her pajamas and tennis shoes at the time and stands almost 5 feet in high heels and yet she managed to scare off these two inner city hoodlums by shouting obscenities and threats as she ran along the shore while they paddled the river in her boat.

It is my contention that she learned most of that language right here in our newsroom, so we should get some credit for helping recover the boat. We are taking no responsibility for the rehabilitation of those two psychologically scarred teenagers, however. And, we really don't care if they almost drowned when they jumped in the water to escape the wrath of one of our managers.

We have reporters who sunbathe in the rear of their pick up trucks parked on Michigan Avenue while reading a rival publication, we have salespeople who are involved in four traffic accidents in a month and claim it's not their driving. We have an employee whose dog runs away from home to keep her from going on vacation and a woman married to a man who takes their toilet apart for entertainment.

And this doesn't even begin to describe the production de-

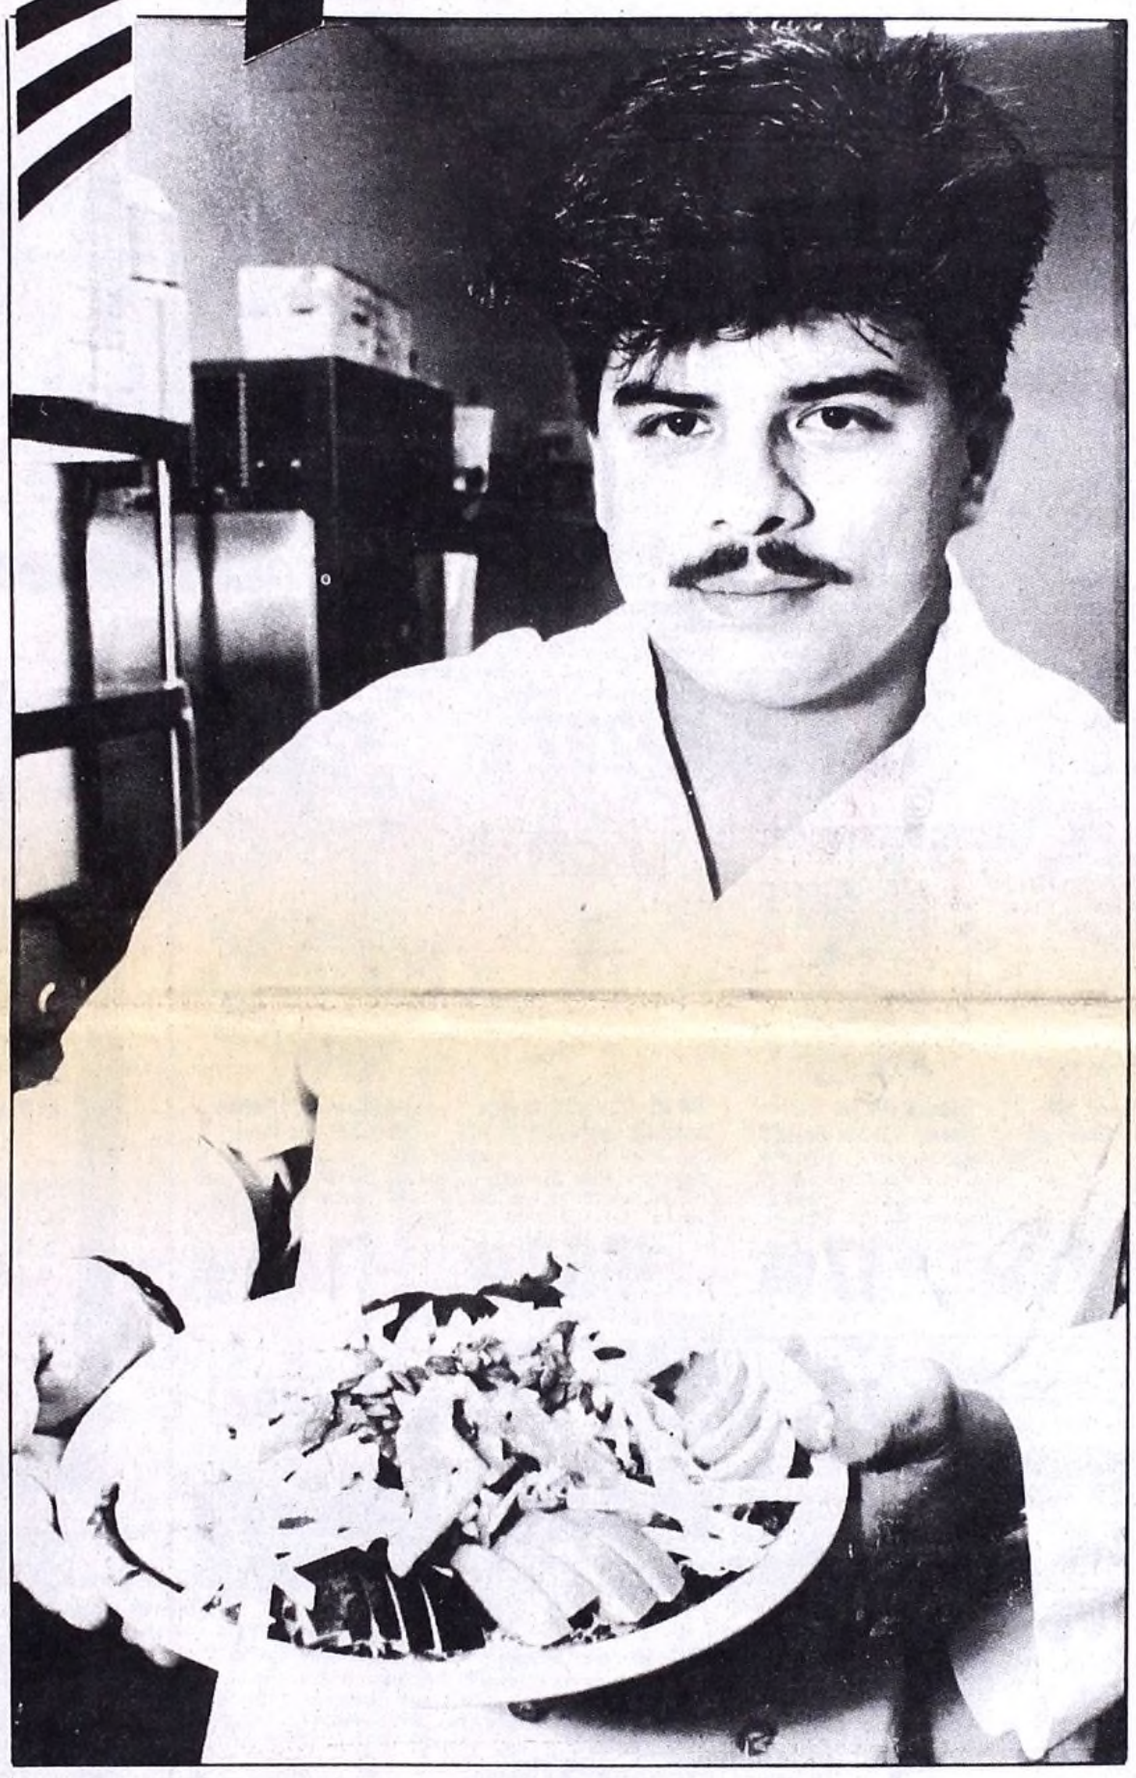
Fiesta!

Spicy root gives Mexican cuisine added flavor

By FLORENCE MEEKS



Daniel Perez (above) and his parents Jesse and Esperanza prepare authentic Mexican food at their restaurant Dos Pesos. ANP photos by Werner Slocum/staff photographer

Imagine a cool salad of red and green apples and pumpkin seeds tossed with a citrus dressing. Highlighting this combination is a cross between a water chestnut and an apple, the jicama root.

A far cry from the better-known taco salad, the jicama salad is one of many traditional Mexican dishes Daniel Perez introduces his customers to daily. Mexican food consists of a wealth of unique dishes, said Daniel Perez, chef for Dos Pesos restaurant in Van Buren Township.

With his father, restaurant owner Jesse Perez, and mother Esperanza, Perez has assumed the role of educator.

"We get a lot of questions, especially about the jicama."

Jesse explained most of the restaurant meals are garnished with the root. Customers often ask him to bring one out uncut.

"People mistake it for an onion. We tell people it is a Mexican root," Jesse said. "Then the question is where can I get it."

Distinguishing Mexican cooking from other styles is a group of commonly used ingredients. Most sauces are made from chiles, Perez said, and garlic is a prominent ingredient in many of the fillings. And, of course, Mexican food is known for an overall spiciness.

Also well-used are tortillas, made from corn meal or flour.

"That's a very stable part of the food," Perez said.

Found in some Mexican dishes is the cactus. It is a key ingredient in the nopal salad, which also contains onions, tomatoes and cilantro, a spicier version of parsley.

Equally spicy is botana. Nacho chips are layered with a mixture of Mexican beans and a spicy sausage known as chorizo. Next comes avocado, tomatoes, onion, green pepper, olives and hot pepper.

Most of the ingredients found in these dishes can be tracked down at a Latin American specialty store, even the cactus. Perez recommended The Honey Bee in Detroit.

One of his favorite dishes, Perez said, is the enchalada. Corn tortillas are filled with enchalada sauce, beef, chicken or cheese. The tortillas are then topped with melted cheese and served with rice and beans.

"I like cheesy things, and I like the sauce. It's made from the chile ancho," Perez said.

Jesse's favorite is chile relleno, a Mexican version of stuffed peppers. In this dish, poblano chiles are used. The poblano is longer than the bell pepper with a spicier flavor.

"That's the most popular chile in Mexico," Perez said.

Perez said he never planned to be preparing these dishes for a living. He started cooking when he was 16 for practical reasons.

"At the time it was to earn money for school. I liked it and carried it through," he said. "It's exciting to cook when you're back there, trying to perfect it..getting out a good meal that people will enjoy."

For those who want to experience Mexican cooking on their own, Esperanza suggested milanesas a la Mexicana, a steak dish.

Starting with paper-thin strips of beef, the cook pounds in minced, fresh garlic. After adding salt and pepper, the beef is dipped in a mixture of milk and eggs, then flour. The meat is then pan fried.

Another simple meal, Esperanza said, is arroz con pollo (rice with chicken). She prepares it with a small chicken cut up, the smaller the pieces, the better. The chicken is sauteed in oil and seasoned with salt and pepper.

Meanwhile, 1 cup of uncooked rice is sauteed in a separate pan until light brown. When the chicken is done, it should be drained and combined with the rice. Esperanza then adds chopped onion, green pepper, whole garlic and cumino–a Mexican spice. After adding a little tomato sauce and water, she simmers the mixture until the rice is tender.

"When you have a big family, you can feed everyone with it," she said.

For dessert, Perez suggests fried ice cream, another of his favorites. He packs crushed corn flakes and graham crackers over a scoop of ice cream like a snow ball. The ice cream should be frozen at least one hour. Then it can be immersed in a deep fryer, no more than six or seven seconds.

Perez pointed out most of the dishes he described are served at Dos Pesos, which recently introduced liquor to the menu.

Another potential meal is listed below.

Jicama salad

8 ounces jicama (or water chestnuts)
3/4 green apple
3/4 red apple
3 oranges (slices, segments, juice)
2 ounces pumpkin seeds, hulled
1/4 head lettuce
1 red lettuce leaf

SOON TO WED

Marsh – Johnson

Thomas and Carol Marsh of Belleville and Don and Sandra Johnson of Waltz announce the engagement of their children Victoria Lauren Marsh to Don M. Johnson Jr.

The bride-elect graduated from Huron High School in 1987. She is employed with Michigan Bell.

Her fiance graduated from New Boston Huron High School in 1981. He is employed with the State of Michigan Department of Corrections.

The couple plans a late summer wedding.

Marsh – Johnson

Helbig – Connelly

Richard and Helen Helbig of Kalamazoo and Mr. and Mrs. Bernard Connelly of Essexville announce the engagement of their children Evelyn Marie Helbig to Scott A. Connelly.

The bride-elect graduated from Wayne Memorial High School in 1986. She is a senior at Western Michigan University majoring in psychology. She plans to graduate in December 1990. She is employed at Child Development Center in Kalamazoo.

The groom-elect graduated in 1984 from Bay City All Saints. He graduated in 1990 with a bachelor's degree in science at Western Michigan University. He is employed at Electronic Data Systems in Troy. He belongs to the Society of Manufacturing Engineers.

A January 19, 1991 wedding is planned.

Helbig – Connelly

Anderson – Butler

Barbara Anderson and Fred Palmer Jr. of Romulus and Carrie and Leonard Butler of Inkster announce the engagement of their children Tracie L. Anderson to Michael A. Butler.

The bride-elect is employed as a dental assistant with Dr. Darrel Williams in Inkster.

Her fiance is a singer and has won awards for songs he has written. He is employed as a health care worker with Omni Care in Westland.

A July 28, 1990 wedding is planned.

SPECIAL HONOR

Geri Szymanski

Geri A. Szymanski of Alanson, formerly of Westland, graduated third in her class from Littlefield High School in Alanson.

She received the "President's Scholarship" from North Central Michigan College in Petoskey where she will attend in the fall to pursue a career in the business field. She also is a recipient of a scholarship from the Petoskey Business and Professional Women's Club.

She is the daughter of Gerald and Janet Szymanski of Alanson. She is the granddaughter of Mr. and Mrs. Anthony (Tony) Stockwell of Westland and Mrs. Mari Szymanski of Westland. She is the great-granddaughter of Mrs. Helen Stockwell of Belleville and Mr. and Mrs. Jim Bailey of Ypsilanti.

Geri Szymanski

Wild west attracts many tourists

By JOAN DYER-ZINNER
Belleville City Editor

Family Travel

Some folks from western Wayne County look to the far West when they make their vacation travel plans, while northern Michigan is a popular destination for others.

Mary Herring, of Sumpter Township, and her family travel to Lake Tahoe, Nev., each year to enjoy the "magnificent scenery, lakes and mountains" in the region.

"It's one of the most beautiful places in the country," Herring said. "We have a timeshare there, and we enjoy it as a family get-away. Our daughter, who is attending veterinary school, will be able to join us there this year, and we are looking forward to it."

The Herrings enjoy visiting Reno, riding in the paddlewheel boats on the lake and viewing the mountains and the beautiful surroundings.

"We also rent a cottage for one week each summer at Wamplers Lake. It's quiet and restful, and a good place to just get away from it all," Herring said.

Sumpter Township Clerk Joan Oddy enjoys vacationing in Clearwater Beach, Fla., but names St. Ignace, Mich., as her favorite summer get-away.

"We stay at our family home atop a hill in St. Ignace," Oddy said. "It's a beautiful, peaceful place, and there also are a lot of things to see and do. We can view the blue-green waters of Lake Huron and watch the ferry boats going to and from Mackinac Island from there.

"St. Ignace also is the site of the largest antique car show in the world. It attracts some 3,000 entries and about 60,000 people annually," Oddy said. "We often get together with friends from our area who are visiting the Upper Peninsula."

The Oddys also enjoy hiking through the woods and exploring the countryside.

"We visit in the summer, but never in the winter," Oddy said. "I spent one year at Northern Michigan University, in Marquette, and there was just too much snow there for me."

Share your vacation tips

The Associated Newspapers, Inc. invites readers to submit information about their favorite vacation getaways.

Let your neighbors in western Wayne County know the pros and cons of various vacation spots, some of the best restaurants, beaches, hotels, etc.

Readers are also invited to submit photographs with a short written explanation of their tips.

Send your vacation stories to: Associated Newspapers, Inc., P.O. Box 578, Wayne, MI 48284.

Desserts

partment, where the real eccentrics hang out.

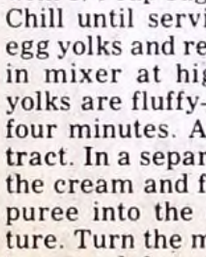
So that's the reason I'm in this business...I'm used to crazies. Actually, I kind of like them and besides, where else would I find people who really understand me?

Frozen fresh peach mousse

3 cups sliced ripe peaches
3/4 cup sugar, divided
2 tablespoons Kirsch
6 egg yolks
1/2 teaspoon almond extract
1 1/2 cups heavy cream

Puree one cup sliced peaches in a blender or food processor. Combine remaining two cups with 1/4 cup sugar and Kirsch. Chill until serving time. Beat egg yolks and remaining sugar in mixer at high speed until yolks are fluffy–about three to four minutes. Add almond extract. In a separate bowl, whip the cream and fold with peach puree into the egg yolk mixture. Turn the mixture into ice tray and freeze until semi-hard. Cover with waxed paper and complete freezing. To serve, scoop mousse onto serving dishes.

Travel TALK FROM Emily's World TRAVEL, LTD.



Emily Guettler

LONDON

Of all the sights of the British Isles, London is the most enchanting city, royally packed with history, culture and exciting entertainment.

From all around you can hear the chimes of Big Ben telling dwellers and visitors alike the hour of the day. You can stare at, but not disturb, the guards during the ceremonial Changing of the Royal Guards at Buckingham Palace. An escapade down the River Thames will give you a view of both the new and old London. Westminster Abbey in all its majesty is a 'must-see' while visiting. The treasures of the many museums hold the secrets of England's kings and queens.

London is a shoppers' delight with its many specialty shops and trend-setting department stores. If you want to be entertained, the best theatre can be seen in the capital city, but merely walking the streets by starlight may be enough entertainment for you!

Henry VIII and Elizabeth II have ruled a kingdom from this city. You, too, can come and be a part of the royalty of London!

Charter departures from Detroit have been reduced for departures commencing August 17 to September 14 to $ 528 plus tax.

For those wishing to visit the continent, departures to Frankfurt have been reduced to $570 plus tax for July 13 to 27 departure dates.

'Daddy Long-Legs'

Belleville resident, Joseph Haynes, (above) will star in the Henry Ford Museum Theater production of "Daddy Long-Legs," written by playwright Jean Webster. The playwright was personnaly involved in the improvement of orphan asylums in the early 20th century and she wrote this warm comedy about an orphan who is denied adoption, but rises above her sad circumstances with the help of a kind benefactor. The production may be viewed Fridays and Saturdays at 8:30 p.m. through July 21. Call 271-1620 for reservations. ANP special photo

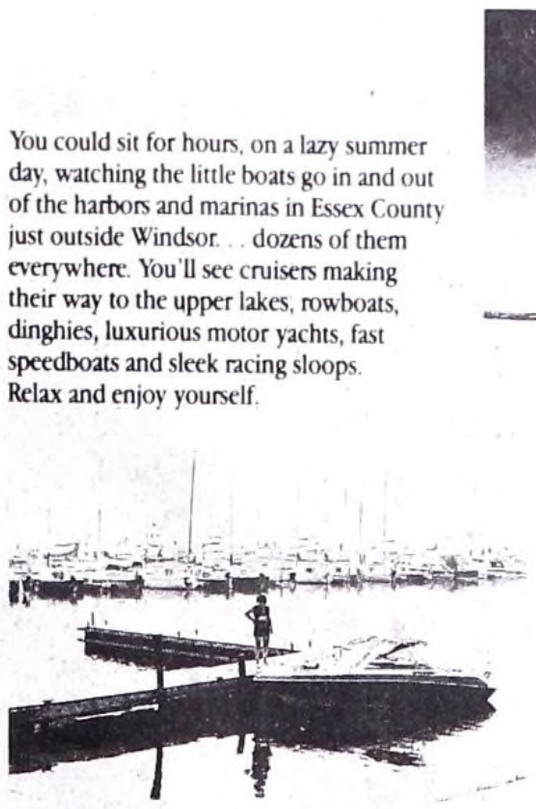
Presented by the Westland Police Lts. & Sgts. Assn.

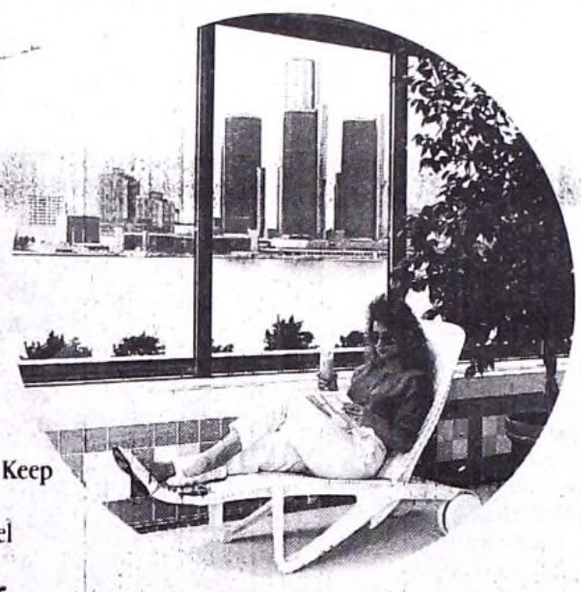


You could sit for hours, on a lazy summer day, watching the little boats go in and out of the harbors and marinas in Essex County just outside Windsor. . . dozens of them everywhere. You'll see cruisers making their way to the upper lakes, rowboats, dinghies, luxurious motor yachts, fast speedboats and sleek racing sloops. Relax and enjoy yourself.

It's "the place that invented the Canadian sunset": **Leamington Dock Restaurant,** only 10 minutes from Point Pelee. Your view from the dining room includes the horizon of Lake Erie, a beautiful marina and a mile-long crescent beach. Enjoy informal fine dining from the kitchen of Chef Pimblett: fresh perch, pickerel, salt-water fish flown in daily, and more. Dinner Theatre on weekends. For reservations call **(519) 376-2697** or **(519) 322-2506** (theatre).

There's something about summertime that draws people to beaches. If there are none where you live, Windsor will be happy to share its beaches. There are 25 of them throughout Essex County, on Lake St. Clair and Lake Erie — each one highly recommended for watching the waves roll in or wiggling your toes in the sand.

On your way home from Canada, stop and shop at the **Canada Duty Free Shop.** Choose from a large selection of quality merchandise such as Polo, Opium, Oscar, Shalimar and Samsara perfumes, Fendi Swiss watches, Italian gold jewelry, and handbags by Gucci, Fendi and Christian Dior. Also save on your favorite Canadian beers, liquor and tobacco products. Keep right after paying toll at Windsor Tunnel on Canadian side. Call **(313) 961-0045.**



Take off for the **Compri,** and it takes off for you. It takes 33% off your room rate, so you can stay downtown in Windsor's newest waterfront hotel from as little as $60 U.S. per couple, and that includes a full breakfast. This summer, take off and save at the **Compri Windsor.** For full details and reservations, call **(519) 977-9777** or **1-800-4-COMPRI.**

You probably can't buy the fashions of Toronto and Montreal, Europe and the British Isles in your neighborhood, but you can in this one: downtown Windsor. With tasteful, distinctive fashions available nowhere else. Not to mention jewelry, furs, sporting goods, books, records, etc. For information on shopping in downtown Windsor, call **(519) 252-5723.**

Two Windsors to visit.

City. Or country. It's not an easy choice. Urban Windsor is a lively, bustling place. With every kind of entertainment, from rock & roll to jazz and the classics. With a dizzying variety of great restaurants, and shopping for things not available elsewhere. Or, you can sightsee along 100 miles of waterfront. Walk on the beach. Hike in the woods. Have a picnic. And see why two Windsors give you twice as much enjoyment. Call toll free to receive your Visitors Kit and enter the Win a Windsor Weekend drawing. **1-800-265-3633.**

■ **STAR CLIPPER DINNER TRAIN** – September 19. Cost $43.50. Registration opens July 9. For information, call Dianne or Pat at 397-5444.

Food

Continued from page C-1

6 tablespoons oil
1 tablespoon red wine vinegar
3 tablespoons orange juice, fresh
1/4 teaspoon salt, white pepper, oregano
curry powder and sugar
1/8 teaspoon chili powder and cayenne

Cut jicama, green apple and red apple into small sticks. Shred lettuce. Toss all ingredients except lettuce in mixing bowl. Place red lettuce leaf on large oval plate with lettuce. Top with mixture. Garnish plate with remaining apples and orange slices. Top entire plate with orange segments and pumpkin seeds.

Chile relleno

2 pablano chiles
12 ounces muenster cheese
3 eggs, separated
1/2 cup flour

Blister and blacken skin of chile evenly. (Place under broiler or roast in a heavy skillet or deep fry). Peel off loosened skins. Slit open chile and remove seeds. Rinse in cold water. Handle chile carefully and keep intact. Pat dry. Cut cheese into sticks. Place in chile. Use more cheese if chiles are large. Pour oil a half-inch deep into a large skillet. Heat oil to 365 degrees. Beat egg whites in bowl until stiff. Slightly beat egg yolks and add to beaten egg whites. Roll chiles in flour, then dip in egg mixture. Fry in hot oil until golden brown turning with spatula. Drain on paper towel. Serve with ranchero sauce.

Ranchero sauce

1 14-ounce whole tomato
1 green pepper
1 medium Spanish onion
2 cloves garlic
1 tablespoon oil
6 ounces water
1/2 teaspoon salt
1/2 teaspoon white pepper
1 teaspoon cumino (cumin)

Combine whole tomato, half green pepper, half onion and garlic; puree. Cut remaining green pepper and onion into strips. Saute green pepper and onion until tender. Add tomato mixture and seasonings, bring to boil. Lower heat and simmer gently for 10 minutes. Adjust seasonings if necessary.

Mexican rice

2 cups long grain rice
2 ounces corn oil
1/2 onion, diced
1/2 green pepper, diced
2 cloves garlic
1 carrot, diced
1 cup tomato sauce
4 cups water or chicken stock
1 teaspoon salt
1 teaspoon white pepper
2 teaspoons cumino (cumin)

Brown rice evenly. Bring water, tomato sauce and seasonings to boil. Pour liquid over rice and add vegetables. Cover and simmer until most of liquid is absorbed. Rice should be tender.

Fast EAR PAIN Relief.....Safe!

EAR EASE®
EAR PAIN RELIEVER

Proven Relief from:

- Sinus and allergy pressure & pain
- Pain caused by altitude change
- Pain from swimmer's ear
- Pain from ear infection & inflammation

Homes needed for students

By JOAN DYER-ZINNER
Belleville City Editor

In the next few weeks, 100 unplaced French and Spanish exchange students will be arriving in the area without a designated host family with whom to spend their four-week stay.

An urgent appeal for host families has been launched by Evelyn and Julian Prince, the state coordinators for Nacel Cultural Exchanges, a nonprofit organization, which is bringing more than 380 French, Spanish and German students to live with American families this summer.

The first group of student is slated to arrive July 2 and remain until July 29. Students in the second group will arrive July 23 and depart Aug. 25.

"The students are usually so polite and enthusiastic that they are a super influence on the whole family and also lots of fun," Evelyn Prince said. "They share their knowledge of their own country and often invite the American family members back to experience it firsthand. Hosting an exchange student is the best gift you can give your family."

Sharon Pokerwinski, an area coordinator who also hosts exchange students, reported that most of the youngsters are enthusiastic about participating in the daily life of the host family. They enjoy sightseeing, family get-togethers and fast-food restaurants, she said.

Because the students have studied English from four to eight years, it is not necessary for the host family to speak a second language. The exchange students pay their own transportation costs and are provided with insurance and pocket money.

In a reciprocal program, Nacel offers American teenagers the opportunity to live four weeks abroad as part of a French, Spanish or German family. Moreover, teenagers from host families are offered a $200 Nacel hosting scholarship reduction from the price of their European stay.

Families who are interested in hosting one of the teenage boys or girls may call the Princes, 626-6641, or the Pokerwinskis, 461-0989.

Fore

Wayne County Executive Edward McNamara and golf champion Jack Nicklaus teamed up recently for a round of golf. McNamara, who said it was difficult enough maintaining concentration with a huge crowd looking on, outdrove Nicklaus five times. The two played in the Pro Am Golf Tournament at the Dearborn Country Club. ANP special photo

NEXT MONTH

LITERARY WAYNE COUNTY: Local authors write everything from poetry to mysteries, and they are writing up a storm. Read more about these authors in the August issue of Suburban Living.

Women Worth Watching

Terri Reighard Johnson

vice president, Reighard International Trucks
Westland city councilmember

Terri Reighard Johnson, 31, is a native of the Wayne-Westland community. She graduated from Wayne Memorial High School and Western Michigan University. She was a member of the Wayne-Westland board of education, and was recently elected to the Westland City Council. She is the vice president of Reighard International Trucking, and she enjoys softball, water sports and reading.

"When you look back over the past few years and see the progress women have made, it's amazing to think it is really just beginning," Johnson said. "I look upon criticisms and difficulties as challenges to overcome in an effort to become a better person."

Johnson said she is impressed by the number of women who are finding career successes in jobs usually occupied by men. She said she is also pleased to see women who work in the home get the credit they deserve.

"There's no such thing as a non-working mother," she said.

YaYa's chicken is 'heavenly treat'

It's almost like cheating.

Food touted for low amounts of cholesterol, fat and calories certainly shouldn't taste as good as the meals served at Ya Ya's Flame Broiled Chicken.

But the Westland restaurant delivers what it promises – tasty, nutritious food served within two minutes of order time.

Ya Ya's (Greek for Grandmother) has been building a reputation for fast food without the grease over the last five years. The chain was created in Florida approximately five years ago and recently expanded to Michigan. The Westland restaurant is one of eight area locations.

Unlike traditional fast-food chicken, Ya Ya's product is never frozen, never battered, never fried in grease and never marinated in oil.

What it is, though, is juicy, fresh and coated in a delicious blend of spices.

Especially wonderful was the meat itself. Often in a fried chicken order the breaded skin is the main attraction.

At Ya Ya's, the flavor seems to penetrate the entire bird.

The meals at Ya Ya's are filling. Dinners include garden salad with a parmesan house dressing, homemade baked beans or mashed potatoes with gravy, pita bread and honey butter. A two-piece meal with all of those fixings only comes to $3.50.

Other side orders available at the restaurant are cole slaw, potato salad and a very creamy version of rice pudding.

Alternatives to chicken dinners are chicken salad, chicken sandwiches, individual breasts or thighs, chicken only and children's meals. The restaurant also deserves praise for its cleanliness. Right after the confusion of rush hour the building was spotless, including the area where food is prepared.

Ya Ya's Flame Broiled Chicken is everything a fast-food restaurant should be without the downfalls of greasy, fattening meals.

The side orders are unique and equally high in quality to the chicken. Service and the overall environment are pleasant and the prices are reasonable.

Ya Ya's is worth stopping in and worth visiting often.

Soaring above Wayne County

By PATRICIA BROWN

Up, up and away we went. Associated Newspapers staff photographer Werner Slocum and I were invited to go for a ride with Team America, a precision aerobatic group of civilian pilots who fly military style maneuvers.

This was my first time flying with an aerobatic stunt team. I've flown a lot on commercial flights, but I have to admit that flying has never been one of my favorite things.

So why was I going to torture myself by riding in an airplane that turns upside down, does loops and flies at speeds close to 300 mph? Because, as I told my friends who constantly reminded me that I don't even like roller coasters, it's a chance of a lifetime.

You have never really experienced flying until you've flown in a very small-fast plane. As I was strapped into the SIAI Marchetti F-260, (also known as the Ferrari of piston-driven planes) I kept thinking how small it was and how much smaller the inside was going to seem once the pilot, team leader Chuck Lischer, closed the glass door over our heads.

As we taxied down to the runway, I enjoyed the last few breaths of fresh air coming into the cockpit from the opened overhead door.

Lischer must have sensed I was nervous, because he reached over and pointed out an air vent to me.

Just before we took off, I looked over at Slocum, who was taxing in another Marchetti right next to us, and noticed their overhead door was closed. This made me nervous. It kind of reminded me of the time I went on the Maid of the Mist at Niagara Falls and told the captain of the boat that he was going in too close to those falls.

"Do we get to leave this open after we take off?" I asked Lisher. Part of me was going to miss the air coming in and part of me hoped it would be closed, especially when we were going to do flips and loops.

He started to laugh and said, "Oh no, we'll be traveling much too fast. The door has to be closed."

We were given the go-ahead from the control tower to take off, the overhead door was closed and up we went. Less than four feet off our left wing was Slocum and his pilot, wingman Barney Register.

Every time we turned, they turned. Every time we climbed, they climbed, not allowing the four foot space between us to widen.

We were so close to them, I could almost see the writing on the film, when Slocum would re-load his camara.

After a few minutes, I began to feel confident and started enjoying the view.

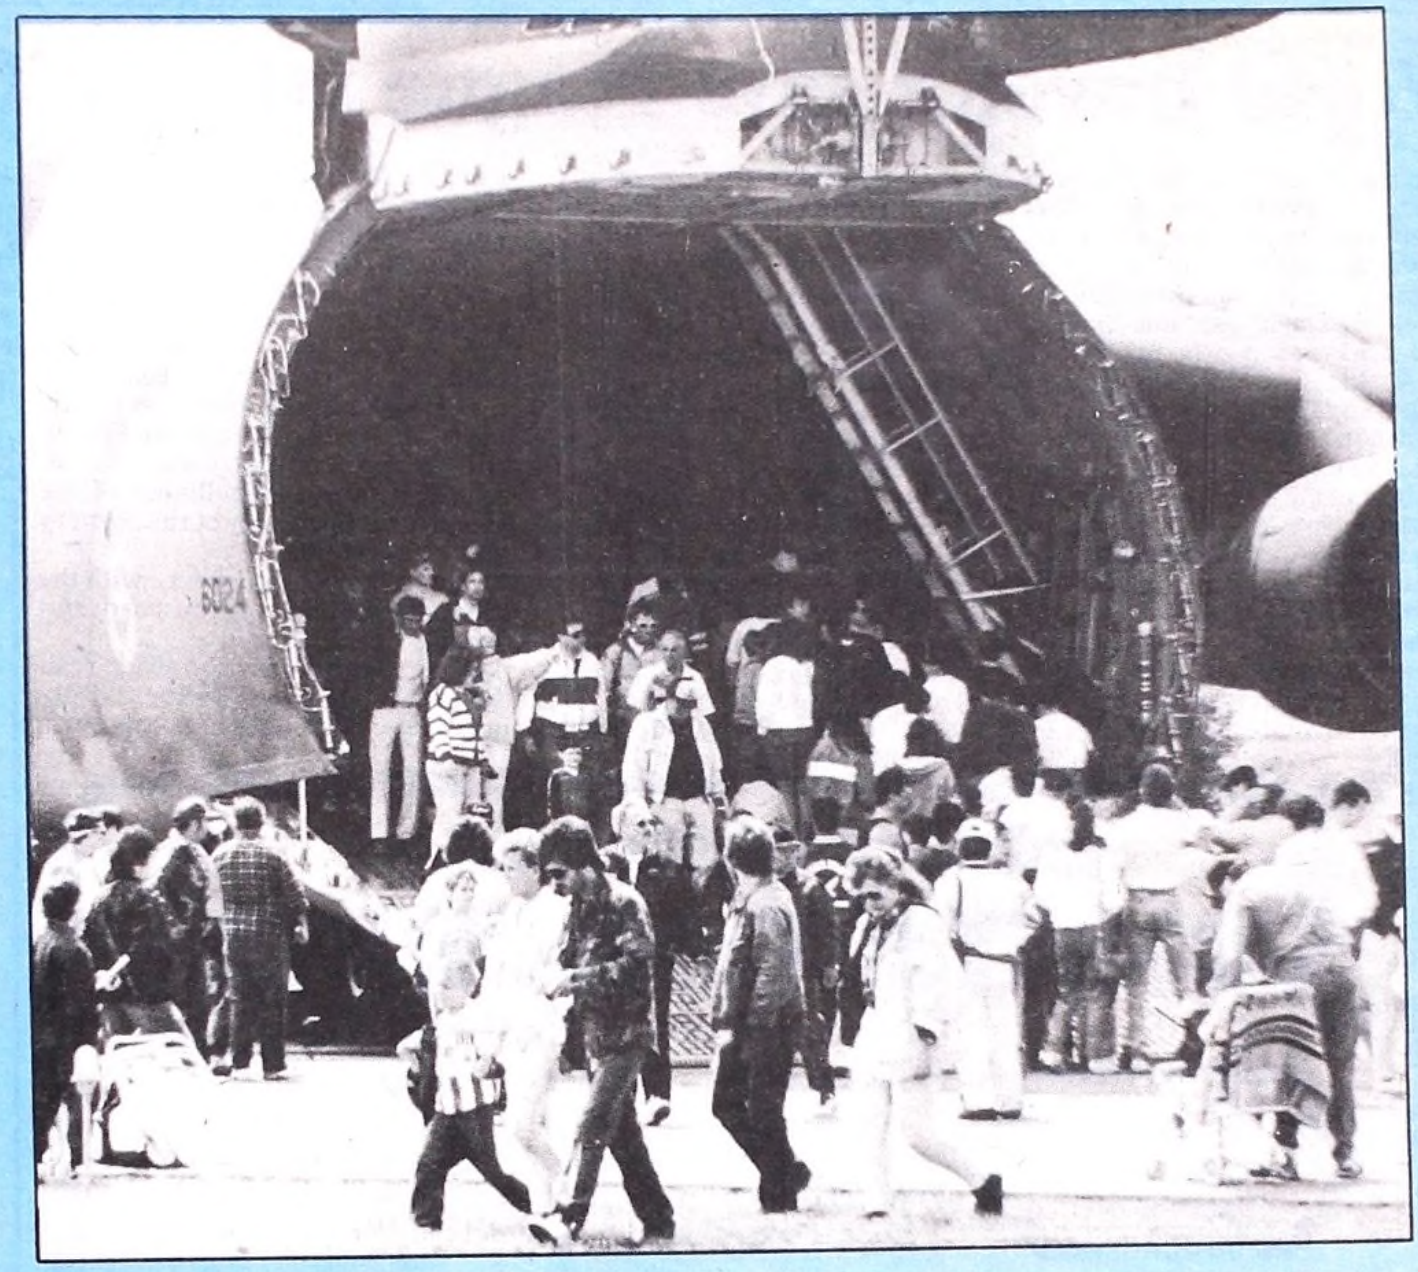
Then Lischer said, "Are you ready to do a roll." I knew I shouldn't have started to like it.

I told him I was ready and roll we did. When we first started to roll, I could feel the plane turning and on reflex I reached out to grab something, but the only thing to grab was the controls right in front of me. Lischer noticed my reaction and put his hand out and told me to relax. Then he started rolling the plane.

It was the strangest feeling. Once the plane turned over it didn't seem like it was turning at all. Instead it seemed as if everything I was looking at was turning around and around.

I kind of liked that. So I asked him to do it again, and he did.

We were just up in the sky somewhere spinning around and around and around and around.



Visitors packed the grounds of the Willow Run Airport last weekend to enjoy the daring stunts of the finest pilots anywhere. Stunt planes from barnstorming days (far left, top) were represented as well as huge military cargo planes (above). Members of the Golden Knights parachute team (left) had to be satisfied with looking out the plane door when bad weather struck last week, but Sunday they entertained crowds with their jumps (right). ANP photos by Werner Slocum and Ted Wilson

Now I was feeling really confident because I thought the worst was over. That's when Lischer decided to show me what it feels like to experience "G forces." He pulled up the nose of the plane up and it felt like my heart was being sucked out of my body by the pull from the gravity.

Before I knew it our flight was over and we were back on the ground safe and sound.

The team is composed of three veteran pilots, Chuck Lischer, Barney Register, Buzz Lynch and Brian Sanders and a fourth is on-call if one is absent.

They have been performing their fifteen-minute show at air shows all over the country. Team America choreographed their show after the Canadian stunt flying team, the Snowbirds.

"Sometimes during an air show it can get up to 130 degrees inside the cockpit," Lischer said.

The routine takes a great deal of concentration on the part of all three pilots. At all times they must be aware of where the crowd is and where the other two pilots are flying.

"Even I would get sick if I flew in the passenger's seat during one of our shows," Lischer said.

Probably the highlight of the whole experience came Sunday while I was at the Wayne County Air Show watching Team America perform.

And as I watched the team climb into the sky and do a loop, I could actually say I had done that.

Now I'm ready for the Blue Angels.

World traveler says Prague is beautiful, friendly

Whether or not it is the vacation season, Belleville resident Chris Terzieff's occupation keeps him "on the go" throughout the year.

Terzieff, a pilot for Guardian Industries, routinely captains the jets which make stop-offs in Japan, Saudi Arabia, Crete, Israel, France, Hungary and Czechoslovakia. While on the around-the-world flights, Terzieff has had an opportunity to tour many countries as well as visit many areas in the U.S.

"My favorite city is Prague," Terzieff said. "I find the people in the Eastern Bloc countries are very interested in the Western culture, and very receptive toward Americans. The city of Prague is beautiful, and there are many interesting places to visit."

Terzieff noted the differences in visits to Hungary and Czechoslovakia prior to the democracy movements in those countries and the atmosphere in recent months.

"The people were friendly to us before, but there were grim-faced Soviet soldiers everywhere around the airports when we landed. Even when we laughed and joked amongst ourselves, they never smiled," Terzieff said. "Today, traveling to those countries is much more pleasant – there isn't a feeling of apprehension."

The jet captain also enjoys trips to Nice, France, because of the many places to see and things to do. It is especially interesting during the Bastille Day celebration, which is similar to our Independence Day, Terzieff noted.

With Guardian Industries officials studying business ventures in new areas, Terzieff is certain that there will be even more interesting destinations in his future travels.

Terzieff named the Greenville-Spartanburg region in South Carolina as his favorite U.S. vacation spot. Again, it is the friendliness of the people and the beauty of the scenery that attracts him.

"It is a great atmosphere with the lakes, the scenery and the wonderful people," Terzieff said

When Van Buren Township resident Sharon Kennedy and her family make vacation plans, camping is high on their list of things to do.

"One of the main attractions to camping is that there is no telephone," said Kennedy, whose secretarial job requires a lot of phone work. "We can rest, relax and get away from it all when we go camping," she said.

The Kennedys have camped at various sites in Michigan, Kentucky and Texas plus places between.

Travel TALK FROM Emily's World TRAVEL, LTD.

Emily Guettler

JAMAICA

Although the Caribbean appeals to vacationers who want to rest and sunbathe, Jamaica also offers recreational activities and marvelous sightseeing.

Take the tour to Dunn's River Falls; experience a wild but wonderful river-rafting trip; visit one of the old historic plantations; indulge in a romantic river cruise with dinner and entertainment on board.

The Rockland Bird Feeding Station is unusual and the tropical gardens are gorgeous. Enjoy the wonderful British tradition of afternoon tea at Eaton Hall, about 20 miles from Ocho Rios. Originally built as a fort in the 1600's, the house has been restored with lovely antiques.

Have you ever been to a crab race? It's a popular pastime in Jamaica. Other sports activities include water sports, golf, deep sea fishing, sailing, tennis and riding. The native calypso music will have you dancing in the streets. Everyone gathers on the expansive beaches for fun and games, or just soaking up the sun on a chaise lounge.

For bookings made before July 14, Keytours offers free air on their charter to October 28 for any female if rooming with a male!.

A guest at Cedar Point plummets 60 feet down a Soak City speed slide, one of 10 slides available at the new Cedar Point amusement park in Sandusky.

Summer fun doesn't have to be far away

There are plenty of places to go and things to do this summer. Area residents need only decide how far and how fast they want to go.

If a boat ride that offers dancing and a view of the Detroit River ending at an amusement park sounds like fun, then Boblo Island is the place to go.

Boblo is open daily through Sept. 1, and boats can be boarded at Gibraltar, Detroit and Amherstberg. Purchasing tickets beforehand is recommended.

One of the larger amusement parks only three hours away in Sandusky, Ohio, is Cedar Point.

This year the amusement park has been remodeled and a new attraction has been added.

Soak City, the beachside water park, is undergoing $1 million in renovations. The complex features 10 water slides, will be 10 percent larger when the construction is completed.

One of the newest attractions Soak City will feature is the Main Stream, a slow-current river for inner tube riders that will weave under slides and along the Cedar Point Beach, according to Barbara Colnar, Cedar Point spokeswoman.

A two-day combo admmission ticket is good for unlimited use of Cedar Point and Soak City on two consecutive days for guests who are 48 inches or taller, Colnar said.

Tickets can also be purchased for one hour at $5.95 for adults and $3.95 for juniors, who include those people under 48 inches or under the age of three.

The biggest addition to the park is Disaster Transport which will transform riders into futuristic astronauts with a mission into space. Park officials have spent more than $3 million just on the special effects for this ride.

Prices for Cedar Point are $19.95 for ages four to 59 and 48 inches and taller. Junior tickets are $10.95 for those younger than four or less than 48 inches tall.

Senior citizens can purchase tickets for $12.75.

Another well-known amusement park is King's Island, which is located 24 miles north of Cincinnati and 35 miles south of Dayton, Ohio.

This park has also added a futuristic-type ride. Unlike Disaster Transport, Flight Commander is controlled by the rider.

A joy stick allows passengers to

Professional rodeo rolls into Sumpter Township

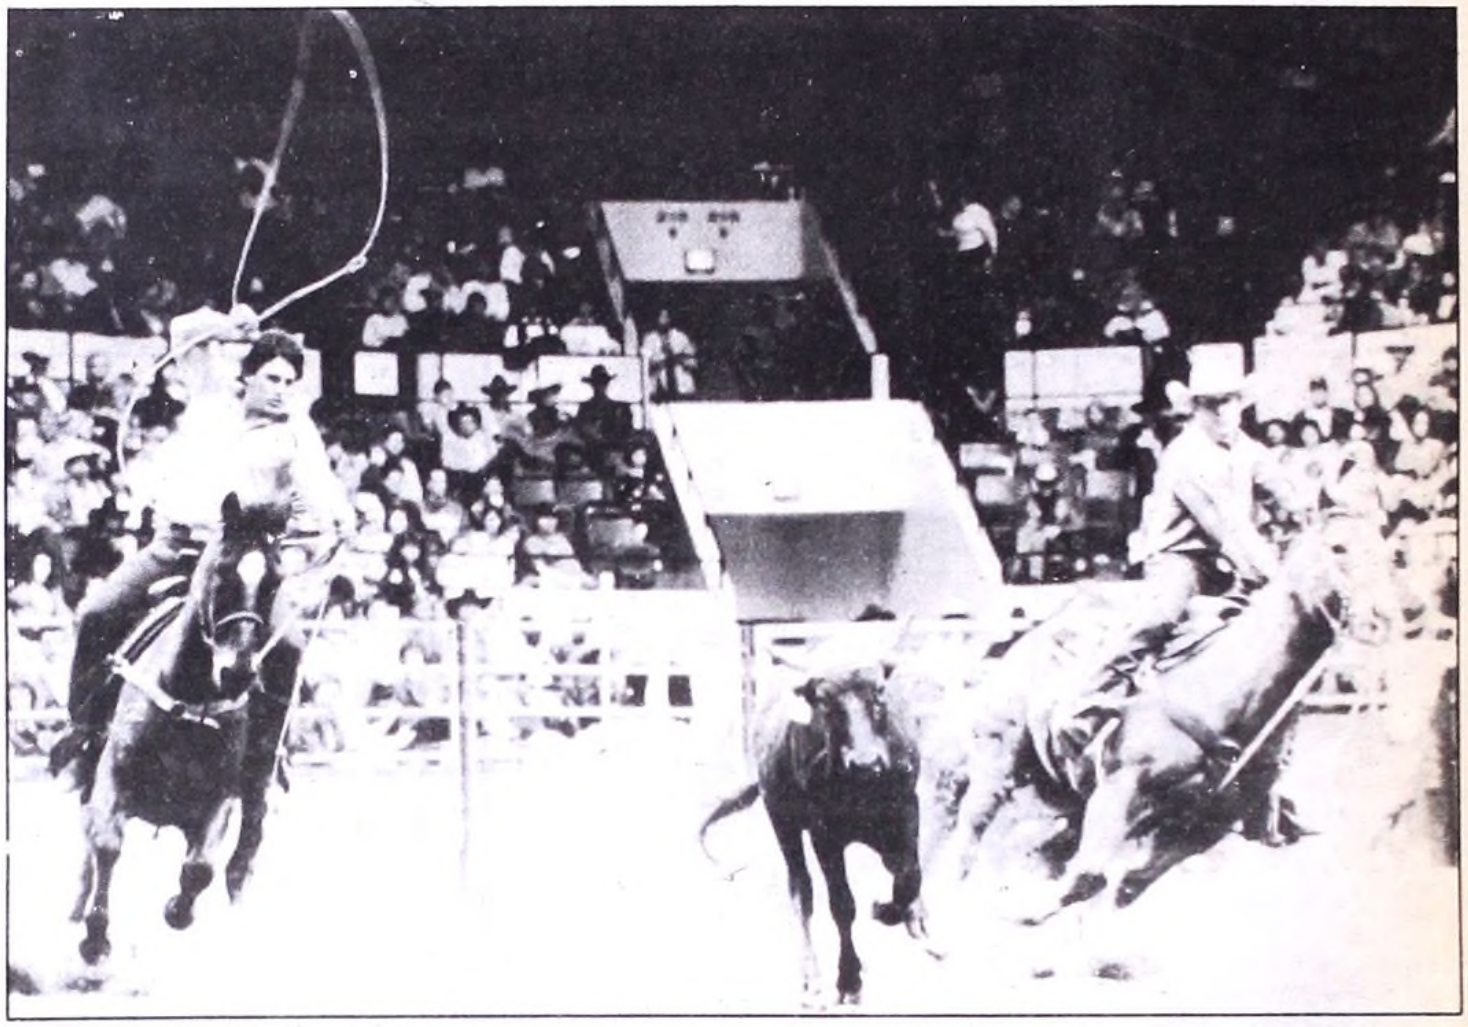
A mixture of danger, excitement and action will explode at the Sumpter Country Fest July 20 and 21 when professional rodeo stars compete for prizes.

The 8 p.m. Friday and Saturday performances will feature bucking horses and bulls, steer wrestling, calf roping and barrel racing in International Pro Rodeo Association-sanctioned competition.

Mary Herring, a member of the Sumpter Country Fest Committee, believes the IPRA event will draw a large group of quality performers to the annual rodeo. The Sumpter-sponsored rodeo will feature many of the top names in professional rodeo, and also will accept local cowboys and cowgirls who want to try their skills as competitors, Herring said.

The Wagon Wheel Rodeo Company will feature prize-winning livestock provided by Jim Fusee of Onaway. Among his top horses is a 16-hand black mustang mare, Alley Cat, which was selected by the top 10 IPRA cowboys to go to the rodeo finals.

Rascal, a bucking bull who was not successfully ridden in 1989, also will be featured at the Sumpter rodeo. Rascal was named bucking bull of the year in 1987, 1988 and 1989 by the Mid State Rodeo Association.



The rodeo will be in town for the Sumpter Country Fest.

A bucking horse or bull is as much a star in the arena as the cowboy who competes on him, Fusse reported. Cowboys want to draw a good bull or a ranked horse in order to make a top ride, since only the top rides produce high scores and big paychecks for the cowboys.

Fusee noted that the broncos and bulls who dominate the rodeo arena are "athletic, spirited and tough, just like the men who ride them." While many horses buck on occasion, he said, only a few outstanding individuals will continue to buck hard and strong time after time, and the same is true of bulls.

The ultimate goal in rodeo is to win a world championship, Fusee said. The IPRA names world champions in seven events: bareback bronco riding, saddle bronco riding, bull riding, 'cowgirls' barrel racing, steer wrestling, calf roping and team roping.

The IPRA championship rodeo is slated at 8 p.m. July 20, with the Wagon Wheel Pro Rodeo scheduled for 8 p.m. the following night on the grounds of the Sumpter Community Center, 23501 Sumpter Road. Admission is $5 for adults and more than 12 years old, $3 for youngsters six to 11, and admission is free to children five years of age and younger.

The three-day Sumpter Country Fest also features a carnival, the U.S.A. Demolition Derby.

Continued from Page 9

maneuver the capsule into climbs, dives and barrel rolls while rotating 60 feet above the ground, said Steve Edwards, spokesman for King's Island.

A new water ride will also open this year. Rushing River will feature giant, eight-foot inner tubes that carry five passengers down a 750-foot twisting channel of water while dropping more than five stories, according to Edwards.

This year the park will offer six new stage shows which will offer a variety of entertainment.

Prices are $20.95 for general adult admission: $10.45 for children 3-6 years old: Children under two are admitted free and senior citizens 60 years and older are admitted for $10.95.

If animals are interesting to you, then the Toledo Zoo is a good place to go. The zoo has been rated as one of the best in the country, according to zoo officials.

One of the main attractions is the only filtered underwater viewing of hippos in the world.

The park covers four acres of natural outdoor habitats featuring a variety of animals.

In 1988, the zoo was one of the few allowed to house an exhibit of panda bears from China.

Admission to the zoo is $3 for adults: children ages 2-12 are admitted for $1.50 and senior citizens are admitted for $1.50. Parking is $2 at Anthony Wood Trail and Woodsdale.

The Detroit Zoo, located on Ten Mile Road in Royal Oak is open seven days a week now through October 31.

The park is home to a variety of animals and offers free train rides for children.

Admission to the zoo is $5 for those 13 years or older and $3.50 for senior citizens age 62 and older. Children ages 5 to 12 are admitted for $2.50 and children four years and younger are admitted free.

If history interests you, then Henry Ford Museum and Greenfield Village, located in Dearborn, is the perfect place to spend an afternoon.

The museum is a 12-acre indoor facility that houses a major collection of historic transportation, agricultural, industrial and communications equipment.

The village, which is located on the same property as the museum is an outdoor museum featuring 81 acres of developed space. There are dozens of furnished homes to view and many workshops, which take you back in time.

Admission to the museum and park are separate. Adults are admitted for $10.50 and senior citizens are admitted for $9.50. Children ages 5 through 12 are admitted for $5.25.

Finding an apartment is made easy with a specially designed referral service. ANP file photo

APARTMENT HUNTERS

Moving can be easy with the right tools

BY BARBARA GOFFMAN

To working professionals, time is money. They need comfortable housing, but often lack the time necessary to conduct a thorough search.

Enter Apartments Unlimited. This free apartment-locating service entered the Detroit area last July and has since helped 25,000 people find housing.

A visit to one of the six offices of Apartments Unlimited begins with filling out a questionnaire on what features are sought in an apartment, including the price range. Next, a rental agent pulls up, from the company computer bank, a list of apartments which match the client's needs.

The customer views the apartments on video, and if a desirable one is found, the rental agent sets up a time to view it and gives the customer a map with the apartment's location marked.

The entire process can be concluded in a matter of hours.

"It's real quick," said sales manager of the Canton Township office Kathy Staub. "We narrow it down to two or three apartments on video and then the people go down to see them. And they like what they see. A customer tends to sign a lease within a week." Customer Glenna Pascuzzi proves the process can work faster.

She had spent days driving around, looking at apartments she saw advertised, but had not had any luck. She decided to give Apartments Unlimited a try and found an apartment in an hour.

"I thought it would take days. But in an hour I found an apartment I liked, in the area and price range I wanted," Pascuzzi said.

"Seeing it on video was helpful too. I could get a good view of the outside, as well as the inside. On the computer you can visibly see the surrounding area and the design of the apartment building better than you sometimes can in person," she said.

She signed her lease the next day.

Besides finding suitable apartments for their customers, this company also provides renters with information about the cost of living and what nightlife is available in the area.

The listing area of Apartments Unlimited ranges from Monroe to the south, Flint to the north, Ann Arbor to the west, and Detroit to the east.

Apartments Unlimited is able to offer its services free to customers because it receives fees from the management companies of the apartments it lists.

It has offices in Ann Arbor, Novi, Southfield, Troy and the townships of Canton and Clinton.■

Buyers and sellers win in home market

By BARBARA GOFFMAN

The real estate market is now good for both buyers and sellers, according to a local real estate broker.

Ted Martin, the owner of the Westland branch of Red Carpet Keim. "Buyers have a reasonable amount of homes to choose from and a reasonable amount of time to do it in. There are moderate price increases that are exceeding inflation, but we are not seeing the crazy increases of the late 1970s," he said.

"From 1984-1989 the economy improved, interest rates fell, and the backlog of homes that were on the market since the recession of the early '80s was eliminated. Now there are plenty of homes on the market to choose from, but there also are normal price increases to go with inflation," he said.

The average price of homes sold so far in 1990 are higher than they were in the first six months of 1989, according to data compiled by the Western Wayne Oakland County Board of Realtors.

*Percentages may be deceiving due to the few number of houses sold.	% of listings sold	Listings Year to Date	Average increase or decrease in sale price	Sold Year to Date	Sale price median Year to Date
Van Buren/Belleville	56%	145	+%8,450	81	$69,000
Canton	47%	686	+$11,000	320	$111,000
Inkster East of Inkster Road	44%	112	+$5,500	49	$43,000
Inkster West of Inkster Road	38%	118	−$1,500	45	$30,500
Romulus	50%	109	+$5,500	55	$51,000
Wayne	58%	146	+$5,650	84	$54,100
Westland	62%	678	+$4,000	418	$64,000

For instance, the average home sold this year in Canton Township has cost $111,000, $11,000 more than in the first half of 1989.

The only local area to show a decrease this year in cost of homes sold was in Inkster, west of Inkster Road. Last year the average home sold cost $32,000; this year the price is $30,500.

Despite the general increase in price of homes, less than two-thirds of homes on the market are being sold, said Martin. Sellers, therefore, need to keep their homes in as good a condition as possible and price them as properly as possible, advised Martin.

Buyers, meanwhile, need to make sure they are getting the best interest rates available, he said.■

MILLWOOD VILLAGE

New homes being built in northern Westland

A new subdivision in Westland boasts a collection of larger homes in a relaxing setting.

Millwood Village subdivision is located north of Cowan Road with sites for approximately 60 homes. Lots are currently being sold with some houses open as models. Kime Brothers is handling the sale of the lots.

Residents of the new subdivision will attend Livonia schools. They will enjoy underground utilities and private streets.

According to developers, two nature areas have also been incorporated into the design of the subdividion. One of these areas blocks the homes from Cowan Road and the other is in the center of the subdivision.

House prices range from $109,000 to $119,990 base. Optional items to be included are a bay window, fireplace and master bath.

Three models are currently available. The Huntington, $119,990 is a four bedroom, 2.5 bath home. The master bedroom has a vaulted ceiling and attached bath, walk-in closet. On the ground floor, there is a living room, family room, dining room, kitchen and breakfast nook, laundry and a lavatory.

The Bridgeport and Augusta are more colonial in style. The Bridgeport, $114,990, also has founr bedrooms and 2.5 baths. The Augusta, $109,000 has three bedrooms and 2.5 baths.

Included in the news homes are: dishwasher, double sink, disposal, twcar garage, insulated windows and screens, full insulation, gutters and downspouts, seal tab shingles, nowax flooring, six-panel doors with trim, ceiling lights in bedrooms, coach lights on garage, sectional garage door, circuit breakers, ceramic tile in baths, carpeting, copper plumbing.

Spacious 4 bedroom colonial with many extras.

EQUAL HOUSING OPPORTUNITY

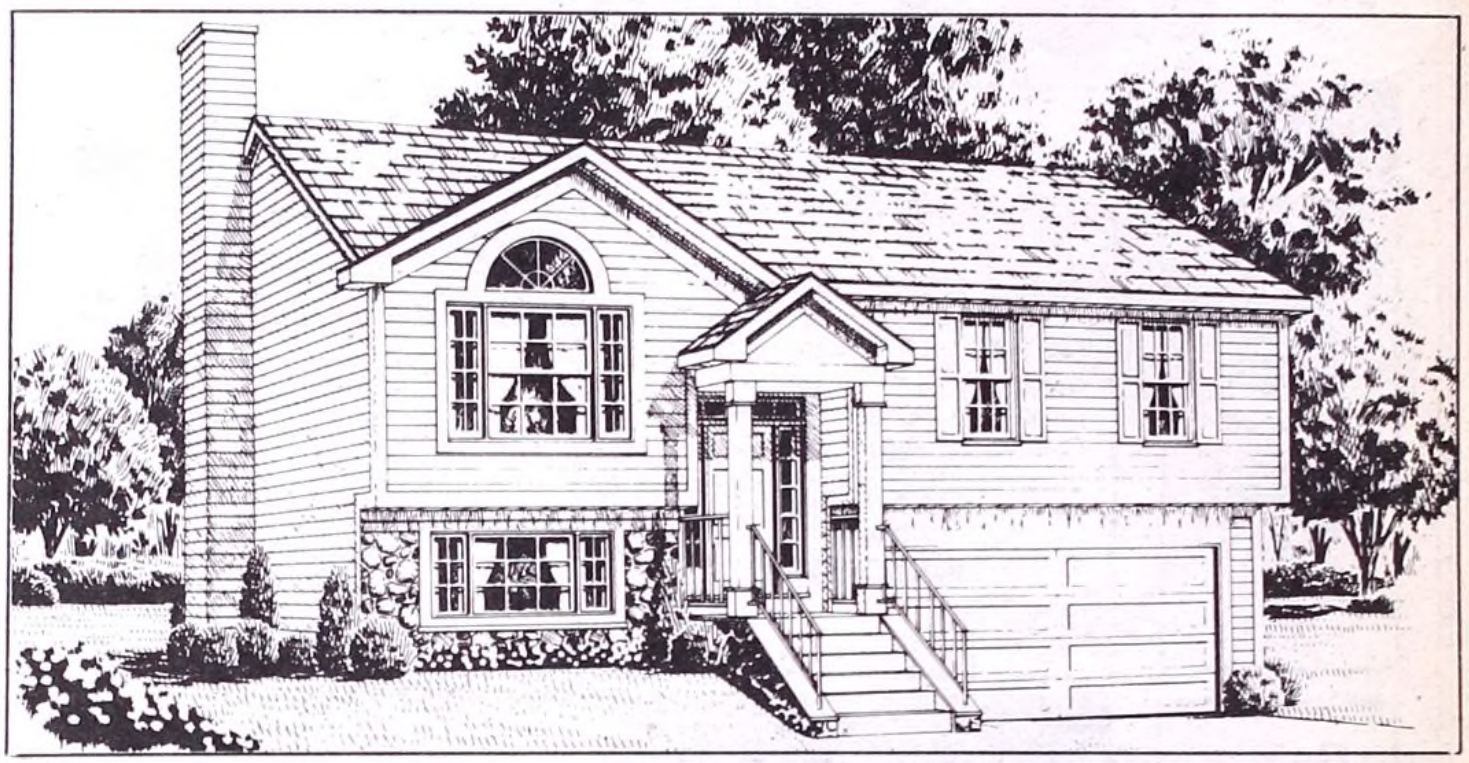
Affordable homes designed for 1st-time buyer

BY PATRICIA BROWN



Millpointe, one of the newest housing developments in Westland, is offering affordable housing to young couples.

The project, which is located on Glenwood, just west of Newburgh Road, has been receiving a great deal of response from buyers interested in the new development.

"People who have two incomes usually have no problem making monthly payments, but they really don't have the money to come up with a down payment," said Bob Stillman, marketing director of the development.

Millpointe developers are hoping to make the homes affordable to young couples and singles, by seeking lower down payments.

The homes range in sizes from 1,000 square feet to 1,500 square feet, Stillman said.

"The concept is to give young couples the chance to buy a home with a low down payment," he said.

An interested buyer needs to have an income, either single or combined, that is in the range of $35,000 to $36,000, according to Stillman.

On a typical FHA loan, $4,200 moves you in, he said. With a conventional loan, at least 5 percent of the price of the home is needed as a down payment.

All of the homes come with stone and vinyl siding and are landscaped with sod and trees.

The developers plan to build 320 homes on the 75-acre parcel of land. They believe it will take up to two years to complete the project.

"The response has been overwhelming. We've already sold over two dozen homes," Stillman said.

There are five different models being offered, from ranches to bi-levels to colonials.

So many people have been interested that the developers have been showing the undeveloped land to many interested buyers. "They just can't wait," Stillman said.

The models are expected to be completed by the end of August and should be ready for viewing not long after that, according to Stillman.

The homes range in price from $79,990 to $89,990, and fireplaces are available at an additional cost.

These prices are limited pre-construction prices, according to Stillman.

Similiar to a condominium complex, homeowners can pay an association fee of $25 per month which will include insurance on the home and snow removal.■

HOWEVER POWERFUL A MESSAGE IS, SOME PEOPLE MAY NOT BUY IT.

People have an overwhelming tendency to question what they're told. Even when it's cast in stone.

That's what makes us human. We make our own decisions. Sometimes right. Sometimes wrong. But always our own.

Sure, we'd like to think that the advertising we publish has a powerful impact on our readers. But the truth is, we simply present facts. We try to make them interesting and entertaining.

As for having some kind of power over people's actions, greater forces than our advertising department have tried.

We simply bring the message to the public in the most effective way since God knows when.

Associated Newspapers. . .
we create choices.
